

WORRIED about your HEART?

Medical science has made great strides in the study and treatment of heart conditions. Now, with early and proper treatment, a person with heart trouble can still live a long and active life.

If you have any symptoms of a heart condition, see your doctor early—see him now. And when he prescribes, remember that

GC Cargill Elevator's Grain Shipments Peaking

Farmers are trucking wheat to Cargill Inc.'s Granite City elevator at the rate of about 150,000 bushels a day, superintendent Donald Wozniak said this morning.

Yesterday the elevator took in about 250 trucks during a 16-hour period and today's shipment's appear about as heavy, he said. The trucks have been averaging 600 bushels each.

Quality of this peak-of-the-season grain remains high. Shipments may continue through next week. The local elevator took in the first truckloads June 18.

Four Granite Citizens Enlist In Air Force

Recent enlistments of four local men have been announced by S. Sgt. Dwayne E. Donelson, local Air Force recruiter. All were sent to Lackland Air Force Base, Texas, for basic training.

Those enlisting were Lindsey C. Carden, 17, son of Robert L. Carden of 2009 Ash avenue, John Funkhouser, 17, son of Mr. and Mrs. Jesse M. Funkhouser, 4357 Highway 162; Harold L. Sewer Bond Vote

(Continued from Page 1)

Bartosh, who had voted for the July 17 election last week, Skubish criticized the program, saying it contained no drainage facilities in the Namekai area of the Sixth Ward, where two ditches are to be located. The citizens' program calls for extensive drainage facilities in the East Granite area of the Sixth Ward.

Bartosh stated that as long as the election date was being set back, it should be held on the same day as the November general election to save the city an estimated \$6000 election expense.

Nomn, Basmir Absent
The chief council opponents of the pollution-drainage program, Aldermen Walter Nomn and Steve Basmir, both of the Fifth Ward, were absent Monday.

Also absent was Alderman Estill Von Schmittau, who was vacationing when the July 17 date was set. He had been quoted by Mayor Davis as favoring a full election as had been recommended earlier this month by the Citizens' Sewer and Drainage committee.

The aldermen who last week voted for the July 17 date, and then changed their votes this week in agreement with the advice of the municipal consultants were Vesci, Samuel Shackelford and Joseph Civar. Also voting in favor of the Oct. 2 date were Aldermen Rufus LeMaster and Mrs. Gabrielle Bettine who were absent on June 18. Charles Meyer, Donald Partney, Paul Rutledge, Samuel Whitmer, Arthur Wieser and Ford Johnson. Skubish and Bartosh voted in opposition to the later date.

In the absence of Mayor Davis, Senior Alderman LeMaster was selected to preside; and Mrs. Bettine was chosen as temporary clerk in the absence of City Clerk A. L. Stevens, who was home with an infected right foot.

Two Madison Men Serve On Carrier In Far East

Two Madison naval aviators are serving aboard the attack aircraft carrier USS Coral Sea, which recently assisted Chinese refugees streaming into Hong Kong. They are Louis Zeffoff Jr., aviation structural mechanic airman, son of Mr. and Mrs. Louis Zeffoff sr., of 1821 Fourth street; and Virgil R. Riggs, airman apprentice, son of Odine Riggs, of 911 Grand avenue.

During a visit to Hong Kong members of the crew donated blood to the British Red Cross for the refugees and collected money for the purchase of food.

Vietnam Undergoes Surgery

Boyd underwent surgery Tuesday afternoon for removal of a bullet and a fragment. A bone in his lower leg was shattered and he said he expected to be in a cast for eight weeks. He is an unemployed bartender.

From his hospital bed, Boyd recalled details of the robbery. "I heard the door open and I looked around," he said. "The man jumped in the door and fired a shot right away and said for everybody to hit the floor."

"Then the second shot hit me and I heard a third shot. I didn't hear a fourth one though," Some

Park Nine Hands Jackson Chiefs Double Setback

The Granite City park district Class AA softball club swept both ends of a doubleheader from the Jackson Chiefs of Alton here last night, 5-0 and 4-1.

Norm Grote was in top pitching form in the first contest as he allowed just two hits in blanking the visitors. Newly-acquired pitcher Howie Lamb got credit for the victory in the second game, as he struck out 10, collected two hits, and scored the winning run himself. The double victory gave Arv Price's club a record of 7-2 in its last nine games, and improved the team's overall record to 13 wins and 14 losses. It also marked the first time the park club has swept a double header since June 17.

Monticello Next
The park nine will play another doubleheader at Monticello Saturday evening, the same day the park's annual in-season tournament opens here.

Price's team, the defending journey champion, is expected to see its first action until Sunday night, when it is scheduled against the Alton Merchants at 7:30. Grote was in trouble through the opening three innings of the first game. He got out unhurt from a bases-loaded situation in the first, and had control there, walking two men in each frame. But he found his control in the fourth, and the only Jackson baserunner from that point was Roger Smith, who singled in the fifth. Dean Calvin had the visitors' only other hit.

Parmley Flies Two
The park club went to work on loser Chuck Holcomb in the first, with Jerry Parmley driving in two runs with a triple after Ron Dillard had walked. Art Borchers had sacrificed and Marv Brokaw had reached on an error and swiped a base. The winners scored one more in the third, and Borchers drove in two in the fourth with a single after Dillard and Pete Robinson had reached base the same way.

The park club got away to a short-lived 1-0 lead in the first inning of the second game. The Chiefs tied it in the second, went ahead 2-1 in the fourth on Ralph Ebeler's RBI triple and then touched Lamb for two more runs in the fifth for a 4-1 advantage.

Dillard Homers
But Robinson doubled with one out in the fifth and came home with the second RBI run on Lamb's follow-up single. Dillard then connected for a home run to tie the score. Lamb set the Chiefs down in the sixth and seventh, and took a hand in winning his own game in the home half of the last frame. He singled with one out, and Borchers followed with his second hit of the game, a single which plated Lamb with the winning run. Arnold Crockett, losing pitcher, gave up seven hits, walked three and fanned one. Like Grote, Lamb had early-inning control trouble, but recovered nicely. He walked four and was charged with two wild pitches. All in the first three innings. Six of his 10 strikeouts were registered after the third frame.

Homer Passes YMCA National Scuba Test

Ron Homer, past president of the Bubblemasters Diving club and a scuba diving instructor here for the past three years, has passed examinations which will certify him as a National YMCA scuba diving instructor, according to the St. Louis Area Scuba Diving Association. The examinations were held early in June at the Downtown YMCA in St. Louis, where applicants were tested to prove their skills in physical fitness, water work and classroom instruction. Nine of those taking the examinations qualified for certification.

Water Safety Course At Edwardsville Pool

A Red Cross-sanctioned water safety instructor course for expert swimmers will be offered next month at the Montclair swimming pool on Harvey street near Edwardsville, and local swimmers who wish to participate may register through the YMCA with Mrs. Lee Pfaff, women's director, before July 6. The course is divided into two parts, with the first scheduled from 8 p.m. to 11 p.m. on July 9-12 and the second on July 16, 18 and 19 from 7 p.m. to 11 p.m. and on July 21 from 9 a.m. to 12 noon.

Goal Is Busch Stadium

Atom, Bantam Divisions Will Select All-Star Teams For Khoury Playoffs

Atom and Bantam division teams in the Granite City park district's boys' baseball program will select all-star squads to compete for a chance to appear at Busch Stadium later this summer as part of the Khoury league all-star playoffs, Supt. of Parks and Recreation Harold Brown said this week. Local clubs have not competed in the Khoury eliminations for several years, concluding their seasons instead with playoffs within their own leagues. This year, players themselves will ballot to select an all-star club, which will consist of 11 players from the teams in their particular league. Managers of the clubs in first place in the league standings as of June 11 will serve as all-star team managers.

55 To Be Chosen
The local all-star clubs, 55 players in all, will compete against similar teams from within their zone, with the final zone winner appearing as a team unit at Busch Stadium. One loss will eliminate a team from the playoffs, but all members of all-star teams will receive certificate awards from the Khoury League, regardless of

GC Park District Budget Meeting Set For Monday

Members of the Granite City park board will meet in special session at 6:30 p.m. Monday to adopt a budget and appropriation ordinance for the fiscal year 1962-63.

During the regular meeting of park commissioners last night, an informal discussion of budget needs for the coming year was held. Commissioners expressed the opinion that both budget and tax rate would be increased this year. The park district operated on a \$202,474 budget in 1961-62.

Expenditures totaling \$11,276 and wages of \$8611 were approved for payment. The expenses were incurred over a period from May 23 to June 26.

The purchase of two loudspeakers from Pashen Amusement Co. at a total cost of \$94 was approved. The board also approved the leasing of an ice vending machine from the same company. The speakers will be used for programs at the outdoor stage in the park.

A proposal that the four tennis courts in Wilson Park be lighted for play after dark was presented by two members of the Granite City Tennis Club, Alvin Barnes and E. A. Karand, who were present at last night's meeting.

The illumination system proposed would consist of eight 1500-watt lamps set on four 30-foot-high poles, two on either side of the courts. Estimated cost of the project, including lights, standards, wiring and underground cables was \$1000. The board authorized specifications to be prepared.

Operating costs for the park district from May 23 to June 27 were listed at \$7081, with disbursements of \$19,887 and receipts of \$11,306.

Completed Projects
Projects listed as complete by Harold Brown, superintendent of parks and recreation, included the leveling of an old concession stand and planting of a flower bed in its place, completion of the installation of new lights on the softball diamond, placing of new steel and wood benches at the Delmar avenue entrance to the park and park baseball dia-

monds and the painting of the large shelter in Wilson Park. The board approved an order for 18,000 color post cards of various scenic views in Wilson Park.

Auto Carburetor Fire

No damage was listed for an auto fire at Fourth street and Highland avenue, Madison, at 9:10 a.m. yesterday. The carburetor had flooded in the car of Leo Cook, 1935 Stoen street, causing it to catch fire.

Four Vehicles Involved In U. S. 67e Collision

No injuries were reported in a four-vehicle collision on U.S. Highway 67a about a mile north of U.S. Bypass 55-40 at 2:35 p.m. Monday, State Police said. Marion A. Graham, 30, of Alton, stopped for an oncoming auto making a left turn, and Lester E. Thomas, 41, of 3250 Westchester drive, stopped behind Graham.

Seventh street, Madison, was unable to stop his truck and hit the rear of Thompson's auto knocking it into the Graham car. A fourth car, driven by William Guymon, 51, of Alton, struck the rear of the truck, police said. All four vehicles were traveling north.

Carry Back displayed a fine brand of speed as a 2-year-old. He set a Gulfstream Park record for five furlongs. The time was 0:57 3/8. His record still stands.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're

saving money for your own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

Shower Honors
Bride-To-Be,
Miss Delores Bero

Miss Delores Bero was honored at a miscellaneous bridal shower given this week at the Lincoln Place Community Center by her cousin, Miss Betty Bero, and her sister, Miss Marcela Bero.

Upon their arrival each guest was presented with a small satin heart-shaped box topped with miniature orchids and ribbon bows.

Hearts and cupid prevailed in the decorative scheme with the gift table displaying a three-foot bride and groom beneath a trellis entwined with ivy, morning glories and lilies of the valley and surrounded with cupid and arrows. White hearts and cupid also floated on clouds of peach and blue tulle for the bride's table. These are the colors to be used at the wedding.

Other tables for the guests were appointed with small hearts covered with orchids, lilies of the valley and miniature bird baths overflowing with white flowers.

Miss Bero was assisted in opening the gifts by her sister, Mrs. Phyllis Nuopi, Miss Loma Lassen, Miss Nancy Scaturro, the bridegroom's sister, and the hostesses, all of whom are to be in the wedding party.

Games were played and a number of prizes were awarded. Mrs. Mike Bero, mother of the bride, presided at the refreshment table appointed with silver and crystal and a centerpiece of white summer flowers and greenery flanked by white candles in silver candelabras. She was assisted by Mrs. Harry Wasylak, Mrs. John Bero and Mrs. Jess Tawney. All of the decorations for the shower were designed by the bride's mother.

Miss Bero, who will be married July 21 to Louis Scaturro, a son of Mr. and Mrs. Gus Scaturro of Venice, graduated from the Madison schools and is employed by a St. Louis shoe firm where she is in charge of the fitting floor. Her fiancé received his education in the Venice schools. He is an employee of the Granite City Steel Co.

Golden Age Circle Holds Picnic

Members of the Golden Age Circle of Kirkpatrick Homes enjoyed a picnic dinner Tuesday at Wilson Park, followed by games. Approximately 75 were present, including two special guests, Milton Worthen, vice-president of the park board, and Mrs. Worthen who were celebrating their 38th wedding anniversary on that day.

The next regular meeting will be held July 10 at Kirkpatrick Recreation Hall, and there will be another pot luck dinner September 24.

DUBENSKO SOCIETY WILL HOLD CONVENTION

The Dubensko Benevolent L.P.T. Society will hold its 56th annual convention Sunday, July 1, at the Madison Recreation Center, according to an announcement by Mrs. Philip Lockhoff, society president.

A banquet will be held at 7 p.m. and all members are urged to attend.

BETROTHED. Miss Patricia Ann Lewis, a daughter of Mr. and Mrs. Isaac Lewis, 10 Frontenac lane, whose engagement to Gerald J. Modrusic, a son of Mr. and Mrs. Andrew Modrusic, 906 Madison avenue, Madison, is announced.

Miss Lewis And Gerald Modrusic Are Engaged

Mr. and Mrs. Isaac Lewis, 10 Frontenac lane, are announcing the engagement and approaching marriage of their daughter, Miss Patricia Ann Lewis, to Gerald Joseph Modrusic, whose parents are Mr. and Mrs. Andrew Modrusic, 906 Madison avenue.

The bride-elect graduated from the Collinsville high school and is employed at the National Stock Yards Bank in East St. Louis.

Her fiancé, a Madison high school graduate, is employed by the R. C. Cola Co. in Granite City.

The wedding date has been set for October 6.

FORMER RESIDENTS HOSPITALIZED

Mr. and Mrs. J. E. Corrie, former Granite City residents now residing in Woodland Park, Colo., are both confined to hospitals in Colorado Springs.

Mrs. Corrie is a patient at Penrose Hospital and Mr. Corrie is in Good Samaritan Nursing Home.

ALUMNI GROUP PLANS OCTOBER BANQUET

Officers of the Granite City high school Alumni Association held a monthly meeting last night in the home of Gail Gar-

gan, 2322 Center street. Earl Parsons, president, was in charge and plans were made for a dinner to be held in October. It also was decided that this year the dinner, a show and membership be combined in one package price.

The association will hold another meeting July 11.

SUMMER BRIDE. Mrs. Henry Veith, the former Carol Reeves, a daughter of Mrs. Alene Reeves, 2161 Benton street, who was married at Concordia Lutheran Church.

Eagles Auxiliary Hears Reports On State Convention

A meeting of the Eagles Auxiliary took place Tuesday evening with Mrs. Florida Batson, president, in charge.

Plans were made by the group to assist the Aerie in serving fish fries on Fridays from 5 until 8 p.m. and with "carryovers."

Miss Angie Buehler reported on the 14th annual Illinois State convention in Joliet June 22-24 at which Mrs. Frances Stalman of the local Auxiliary filled the office of junior past president.

During the presentation of awards at the convention, the Auxiliary publicity book compiled by Mrs. Helen Prentiss received third prize. Fifty-two Auxiliaries entered books for judging. The Eagles Auxiliary of the local group, a kitchen band, took part in the entertainment.

Prize winner at Tuesday's meeting was Mrs. Ann Konopka. Refreshments were served by Mrs. Florence Hargrave and her committee after the meeting.

Lodge 47 Honors Two Members

Ann Rutledge Rebekah Lodge 47 met Tuesday evening at the 100P hall on Nameoki road and celebrated the birthdays of two of its members, Mrs. Dena Ritchie and Mrs. Joyce Bailey.

Mrs. Jennie Barney, noble grand, presided and welcomed guests from the Granite City, Madison and Venice Rebekah lodges.

Mrs. Virginia Gall, noble grand of the Madison lodge, presented Mrs. Barney with the traveling emblem, the "blue bird of happiness," and Mrs. Gwyn Hilliard, district deputy president, and a special guest, was introduced by Mrs. Clara Harbig.

Refreshments were served after the meeting to approximately 75 members and guests. Hostesses were Mrs. Daisy Ferguson and Mrs. Marvel Clover.

HERE TO ATTEND SISTER'S WEDDING

Capt. and Mrs. B. A. Voss and their children are here for a visit with his parents, Mr. and Mrs. Earl C. Voss, 2425 Adams street, and to attend the wedding of his sister, Miss Barbara Jean Voss, and Frank Schwerdtmann, which will take place Saturday afternoon at Trinity Methodist Church.

A group of young people from Central Christian Church are attending a Chiro Rho Camp at Pere Marquette State Park this week. They are Roberta Ebrecht, Betty Gray, Gerald Gray, Tom Green, Barry Gawn, Andy Berkbigler, Dennis Randall, Brad Fu-

Hearing Resumes On Water Company Rate Hike Request

(Special from Springfield.)
Resumed here yesterday was the hearing before the Illinois Commerce Commission on the application by East St. Louis & Interurban Water Co. for a \$1-485,000 annual rate boost which would average about 32.75% in the low and high elevation areas in which the utility operates.

Mayor Henry A. Schwarz, of O'Fallon cross-examined a company witness extensively concerning samples of the utility's water pipes as to the amount of depreciation. The witness, Charles G. Schuler, a senior engineer with the consulting firm of Ford, Bacon and Davis, New York, was in charge of making a reproduction of a study for the water company to be used in connection with the rate boost application.

Schneider also was questioned by J. H. M. Church of the Chicago Management Co., who assisted the commerce commission in making its determinations. He was asked to arrive at a total reproduction cost of the company's present facilities as of Feb. 28, 1961, of \$43,800,000. The hearing is continuing today with Schneider on the witness stand for further examination by attorneys for other objectors to the rate increase.

Testimony yesterday covered the pipe depreciation tests were made at 125 locations along the company's main in both Madison and St. Clair counties. Schneider said the samplings were taken from different geographical locations and where different pipe sizes were used, and that the samples were thrown in the excavations after being tested. Last week, the commission ordered that other samplings be taken from some of the same locations.

Schwarz maintained that in taking the samplings no consideration was given to the age of the pipe, the soil or the incrustation in the pipe. The utility and its consulting engineers made no attempt to determine whether selection of sampling locations were representative of the entire area, he said.

Schneider had testified in direct examination that service lines running from mains to meters should be depreciated at a higher rate because they are subject to a variety of soil conditions. On cross examination by Schwarz, he failed to count as much depreciation for the service lines as for the mains themselves in similar categories.

to Maryville and Wilson grade schools as well as the current expansion of Coolidge Junior high school.

The motion by Huber, seconded by Board Member Ralph Fricker, was that Gabriel-Duhgeroff provide the cost estimates and that talks be held relating to entering into a formal contract for the work, with the terms to be submitted to be board for approval.

Favorable votes were cast by Huber, Fricker, Buske, Linfer and Spengler. Secretary George Sidham was absent, and Monroe Worthen had been temporarily called away from the meeting. Worthen and Fricker served as acting secretaries during the session.

The contract approved with the Nameoki Baptist church calls for the district to rent two rooms at \$500 a year each, plus five-sevenths of utility costs.

Salaries Discussed

Salaries of school secretaries and administrators were discussed in a private board session from 11:10 p.m. to 12:50 a.m. The meeting was adjourned at 1 a.m.

No action was taken on the salaries under discussion, and a report on them is to be submitted at the next meeting July 10.

Mrs. Ella C. Bartel, 74, Dies In St. Louis

Mrs. Ella Crain Bartel, 74, of 1447a Benton street, St. Louis, died at 9:55 a.m. Wednesday at St. Louis City Hospital where she had been a patient for a week. She had been under medical care for a cerebral-vascular accident.

A native of Lexington, Ky., Mrs. Bartel had lived in St. Louis for 55 years. She is survived by a sister, Mrs. Eva Ramirez of Granite City. Her husband, Albert, died in 1944.

Information on funeral arrangements is given in today's obituary column.

Venice Fire Calls

Venice firemen answered two calls Tuesday, one to a weed fire at Mercedia and Douglas streets at 5:15 p.m. and the second at 9:15 p.m. to the Terminal Railroad Association's rig-track. Firemen said damage was slight.

CONFERENCE DELEGATE

Rev. John DiGiacomo of the Mitchell Presbyterian Church left Wednesday for Valparaiso, Ind., where he is a delegate to a Youth Works Material Conference. He will return July 3 and then will leave with his family for Michigan on a vacation for the month of July.

RETURN TO INDIANA

Mr. and Mrs. Ed Sharp of Brazil, Ind., returned to their home Tuesday after two weeks' visit with their son-in-law and daughter, Mr. and Mrs. Albert Paul.

The Women's Organization of the Mitchell Presbyterian Church held a monthly meeting at the church today at noon.

John P. Buchek, 80, Dies Suddenly At Home

John P. Buchek, 80, a retired car-repairman for Terminal Railroad Association, was pronounced dead upon arrival at 3:30 p.m. Wednesday at St. Elizabeth Hospital where he had been taken from his home at 2032 Washington avenue. He had been under medical care since suffering a stroke at the time of his retirement in 1937. An inquiry will be conducted.

Mr. Buchek was born in Austria-Hungary. Before moving to Granite City 50 years ago he lived in St. Louis. He was a railroadman for about 27 years and was a member of St. Joseph's Catholic Church.

He is survived by his wife, Pauline; two sons, Stephen, of Madison and John, of Granite City; and five grandchildren. Funeral arrangements are given in today's obituary column.

GC Rotarians Install New Officers Tuesday

Granite City Rotarians, inaugurated new officers, headed by President Gerald Broadway, at a dinner meeting at the Rose Bowl restaurant Tuesday evening.

The Rev. David B. Maxton served as installing officer and G. W. Hoebecke was master of ceremonies. District governor-elect Earl E. Jukes, Collinsville, was main speaker.

Officers installed were: president, Gerald Broadway; first vice-president, Glenn Abernethy; second vice-president, Edward Meng; secretary, Raymond Ruffer; assistant secretary, Murt Anderson; treasurer, Charles Govin; assistant treasurer, Arthur Koepfer; sergeant-at-arms, William Hoebecke; assistant sergeant-at-arms, Christ Pashoff; and directors, Harold Thomas, Harvey Balke and Dean Mabery.

Engineers Surveying Shelter Sites Here

"Phase two" of a nuclear attack shelter survey is currently being carried out here by two structural engineers under the auspices of the Granite City Civil Defense organization.

The engineers, Marvel Lindeman and Charles Macklin of Springfield, said they plan to re-visit possible shelter locations which were noted during an initial inspection tour, and evaluate these locations from a structural strength standpoint.

School Garbage Costs To Be Studied; Supply Purchases

A study was authorized by the Granite City school board Tuesday night to determine what effect the new city garbage collection program will have on the school district.

Board members noted that the city council is halting operation of the sanitation department with a private contractor, beginning garbage and trash collection next Monday. Weekly pickups will be limited to two 30-gallon containers, and the city estimated that present collections at each school building range from three to eight 30-gallon cans.

The probability of added costs to the school district was discussed, with Supt. Harold M. Kaler asked to investigate and submit a report to the board at its July 10 meeting.

The discussion brought out that the 60-gallon limit might be adequate for the time being since the regular school session will not resume until September.

Construction Changes
Two change orders were approved for the Coolidge junior high school additions currently under construction.

The Reiser Plumbing and Heating Co. contract for mechanical work was reduced \$200 from \$25,404 to \$25,204, with deletion of a six-inch storm sewer at the south end of the classroom addition. Instead, a six-inch storm sewer running along the west wall will be connected directly to an existing 48-inch sewer.

Tom Studebaker Construction Company's \$131,028 general construction was raised \$203 to \$131,231. Eight-foot-long chalkboards will be provided on the east wall of three classrooms; on another wall in each of the same three rooms, there will be 24-foot-long chalkboards instead of 16 feet of chalkboard and eight feet of tackboard.

\$15,000 For Furniture
Acting on bids opened June 12 and tabulated by the administrative staff during the past two weeks, the board purchased school furniture totaling \$15,020.

Typewriters, \$983; instructional supplies, \$7128; painting supplies, \$340; kindergarten supplies, \$628; nurses' supplies, \$600; recordings, \$346; and post control service, \$33.

School furniture will include \$1467 from Allied School Equipment Co., \$3789 from Blackwell-Wieland Co., \$1299 from Buxton & Skinner Co. and \$501 from Graham's Bookstore. Of the \$15,020 total, \$342 will be expended from the new construction fund of Prather junior high school.

A breakdown shows 315 student desks and chair units for Coolidge, Nameoki church, Nameoki, Lake, Mitchell, Stallings, Frohardt, GCHS and special education, \$4334; 477 chairs for Coolidge and GCHS cafeteria expansion and GCHS, Coolidge and Emerson classrooms, \$2439; 30 desk arm chairs for Prather, \$342; 20 teacher desks for Coolidge, church, rental rooms, GCHS, Lake, Nameoki and Wilson, \$1330; 20 teacher desk chairs to go with the desks listed, \$185; 60 rectangular tables for GCHS, Emerson, Frohardt, Coolidge and the cafeterias at Coolidge, GCHS, Wilson, Lake and Maryville, \$2983; 15 tables for Prather library, GCHS counseling, Central library and Lake kindergarten, \$333; 27 bookcases for Lake, Maryville, Wilson, Central, Marshall, Mitchell, Nameoki, Prather and Washington, \$693; 77 file cabinets for Nameoki, Wilson, GCHS, Viedinghaus, Central, Frohardt, Mar-

shall, Prather, Coolidge and special education, \$685; four file cabinets for student records at Central, plus record and music library storage, \$228; two storage cabinets for Washington, \$83; two secretarial desks, for Prather and Emerson, \$189; 25 typewriter desks, for a GCHS additional electric typing room, \$550; and five easels for Frohardt and Nameoki, \$69.

New Typewriter Model
Typewriter purchases will consist of 25 electric machines from IBM Corp., \$6875; 31 manual typewriters less trade allowance from Triangle Typewriter, \$2480; and five electric machines less trade allowance from Underwood Corp., \$478. The 25 IBM machines will be of the new type utilizing a sphere which pivots to strike the correct character and moves across paper which remains in a fixed position.

Instructional supply purchases will be as follows: Blackwell-Wieland, \$1459; McGraw-Hill, \$1186; Consolidated Supply, \$1090; Buxton Skinner, \$948; Graham's Bookstore, \$859; Brudman School Supply, \$412; Central Scientific, \$239; Elgin School Supply, \$226; Welch Scientific, \$194; Troquels Publishing, \$118; Model Publishing, \$108; Palmer Co., \$93; Allied School Equipment, \$71 and Jackman & Sons, \$55.

Painting supplies will total an estimated \$2648 from Pittsburgh Plate Glass Co., \$402 from Harry's Paint Store, \$321 from Cook Paint and Varnish Co., \$18 from Morris Paint and Varnish and \$14 from Phelan-Faust Paint Co.

Kindergarten Supplies
Kindergarten supplies ordered amounted to \$453 from Nov Educational Toy & Equipment Corp., \$42 from Park & Play-ground Equipment Co., \$35 from School Playthings Inc., \$34 from Educational Specialties, \$27 from Associated School Distributors, \$18 from Elgin School Supply and \$17 from Creative Playthings.

Nurses' supplies will total \$305 from A. S. Aloe, \$149 from Van Sickle and \$145 from University Drug Co., while the \$346 in recordings will be obtained from Curriculum Material Center. The pest control work was awarded to Getz Exterminators.

Bids were opened Tuesday night on art supplies, blacktop work, industrial education supplies, roof repairs, trainer supplies and glass.

New Central Thermostats
The board decided to purchase six drums of boiler water treatment from North American Mosaic Products Co. at a total of \$980.

In another special purchase, the board ordered seven automatic room heat control thermostats costing a total of \$260, available only from Minneapolis-Honeywell Co. for Central junior high, where 1914-vintage thermostats are being replaced.

It was decided to re-establish for 1962-63 the district's 19 revolving funds totaling \$3950 to provide funds for emergency expenditures.

Transfers from contingency funds were authorized in the amounts of \$46,000 to buildings and \$4000 to maintenance in the building fund, and \$3500 to summer school and \$3000 to health in the educational fund.

Bills approved totaled \$12,110 in the educational fund, \$4340 in the transportation fund, \$4144 in the cafeteria fund and \$637 in the building fund.

Wear a smile and have friends; wear a scowl and have enemies.

Schools Hope To Cut Insurance, Bus Spending

Further improvements in use of time and money occupied Granite City school board members during a portion of their meeting Tuesday night. One result of the discussion may be an extension of the current practice of issuing school policies in booklet form.

It was noted that meetings could be speeded, allowing time for more thought on economy measures, if past board decisions and the reasons for them could be gathered, summarized and presented in written form to board members in advance of their action in a particular field.

Bus and insurance costs touched off the discussion, and the board agreed to move occupied the board at several points during the evening. With the 1962-63 budget to be submitted to the board July 24, further talk on possible policy and service revisions is anticipated at the July 10 meeting.

Transport More Than Required
 Board members noted that they will take a new look at the bus transportation program, since many students who are transported reside close to regular bus routes. State law requires that the district provide free buses for those living a mile-and-a-half or more from a school or route.

No Insurance Bidding Now
 St. Harold M. Kaiser was asked to place on the next board agenda a discussion of insurance procedures.

At present, the board accepts the recommendations of the Granite City Insurance Exchange, which divides school insurance business equally among its members. The practice has been predicated on the state's requirement of identical rates, and the belief that insurance agencies should not be forced into politics to obtain part of the school business.

Board members have taken increasing of placing insurance under its regular bid program, which has brought substantial economy in other fields. There is a general feeling now that overall insurance costs could be reduced, and that it is possible to obtain competitive bid quotations from local agents.

Study Bill Lists
 The board continued its close scrutiny of bill lists, and asked for a detailed report on telephone service and charges. During action on school supply bids in which yardsticks were purchased, Board Member Homer Huber noted that such rules are available free if the district is willing to have advertising appear on them. Schools already have advertisements on calendars, scoreboards and trophy cases, a brief discussion brought out.

As the transportation program was discussed, Board Member Daniel Linder urged policy brochures including pertinent board decisions and past board philosophy. He said his requests for information during board meetings could be reduced in frequency with such data available, and added that the brochures also could aid new school directors in future years.

Attention was called to rapid strides being made by the district in developing written procedural guides and in advancing the cause of economy, including the handling of buying, and research carried out to qualify for federal financial assistance.

Huber urged immediate study of potential cost reductions in pupil transportation, travel expenses, insurance, supply requests and conservation and utilization of water, lights and other school utilities.

HONORED GUEST Bill P. Williams (center) and four credit union officials at a testimonial dinner given for Williams last night at the Rose Bowl restaurant. Left to right—Arthur Weber, Madison, Cuna Mutual Insurance Society; special representative; Marion F. Gregory, Madison, Wis., executive assistant managing director, Cuna Mutual; Williams; Glen A. Picken, Champaign, Illinois Credit Union League president; Harold E. Kennedy, Alton, Cuna Mutual's Illinois state policy-holder representative.

National Director 175 Honor Bill Williams At Banquet Last Night

Granite City credit union official Bill P. Williams was honored by 175 persons last night at a testimonial dinner at the Rose Bowl restaurant.

The occasion was Williams' recent election as one of 10 national directors of Cuna Mutual Insurance Society, the credit union insurance company.

The gathering included Midwestern credit union officials and members of area credit union chapters, as well as close relatives including his wife, Loraine; a son, Bill Jr.; his mother, Mrs. Gertrude Williams; and a brother, Ernest. Williams entered the credit union field in 1946 with Granite City Employees Federal Credit Union. Since that time he has served for two years as Southern Illinois Chapter of Granite City Employees Credit Union president and as a Cuna Mutual policy-owner's representative for four years. He is presently serving as treasurer of Granite City Employees Credit Union and as an alternate national director of Credit Union National Association. His latest position is the Cuna Mutual directorship. The main speaker of the evening was Marion F. Gregory, Madison, Wis., Cuna Mutual executive assistant managing director. He traced the rise of credit unions from their origin in Germany and spread through Canada and the United States to the beginnings of international help for underdeveloped countries.

Political democracy is most securely buttressed by economic democracy, Gregory said, explaining that credit union pioneers wished to provide credit for persons who, because of lack of money, could obtain it only at ruinous interest rates.

Gregory presented Williams with a pin emblematic of his Cuna Mutual directorship. Other speakers were William Brecht, Illinois Credit Union League managing director; Robert Blower, Missouri Credit Union League president; and Glen Picken, Illinois Credit Union League president, who presented Mrs. Williams with a bouquet of red roses. Toastmaster was Arthur Webb, Cuna Mutual special representative, who also read several telegrams and letters of congratulation from friends unable to be present.

Generosity Plus—

85,000 Volumes In SIU's New Campus Libraries

Southern Illinois University libraries for this area will have close to 85,000 books by tomorrow, head librarian John C. Abbott said this week. This is an increase of 20,000 volumes or nearly one-third over the same date last year.

In addition, another 5000 volumes will be on hand by the end of the month and in the process of being added.

One of the big factors making this growth possible, Abbott pointed out, is the increasing realization by friends in the university area of the need for books at the new campus.

The 85,000 volume figure does not include several thousand volumes received but as yet unprocessed, as a depository of the United States Government Printing Office.

If our friends continue to be as generous to the Southwestern library next year as they have been this year, Abbott said, "we should have no difficulty in again adding 20,000 volumes or more."

Among the book gifts received by the library during the past year was the book collection of Mr. and Mrs. E. W. Volentine of Taylorville which ran to about 2000 volumes in the areas of music, dance, theater, art, history, literature, cuisine, travel and architecture.

A collection with a slant toward Illinois and local history was one of 350 volumes from the late John E. Miller of East St. Louis, a member of the SIU class of 1885, and until his recent death, the oldest living graduate of the university.

Still another collection received during the year was one on economics from Mrs. Truman Post Young of Eureka, Mo. Except for a few duplicates all of the nearly 300 volumes in this gift—from the library of Mrs. Young, late husband's—will be added to the Southwestern Campus library.

Among other donations Abbott listed as noteworthy are 196 volumes of the German chemical journal, "Berichte der Deutschen Chemischen Gesellschaft," a gift of the Olin Chemical Corp., and 90 microfilm reels of "Lincoln Papers in the Robert Todd Lincoln Collection at the Library of Congress donated by the Chicago Historical Society Library.

"Although building a library at such a pace is an exhilarating experience," Abbott said, "we've got to keep in mind that most of our work in building a basic collection to support the educational program of the new Southwestern campus still lies ahead of us."

"The greater part of the fundamental works in most fields are out of print and are obtainable in the antiquarian book trade only through a great deal of effort."

"Only a small portion of the materials which are needed for the study of the history and institutions of this region have ever been obtainable in the regular book trade," Abbott added. "For this reason, he explained, the gift of the past year have enabled the library to make acquisitions which would have otherwise been difficult or even impossible to obtain."

 The warden said Hodge has been of great assistance in the prison's school system, aiding in audio-visual work and assisting in testing and classroom instruction.

In addition to the 69 receiving high school diplomas, 114 convicts received credit certificates from Southern Illinois University for vocational training courses. Commencement speaker was Dr. William McKeffery, SIU dean of academic affairs. Other SIU, Randolph county and Chester school officials were present.

Hodge Credited In Aiding Prison Education Program

(Special from Springfield)
 Warden Ross E. Randolph of Menard State Prison credited Cyril E. Hodge today with a major role in the education of 69 graduates from the institution's heavy equipment operation school. Hodge, former state auditor, is serving the sixth year of an embezzlement sentence here.

The 69 prisoners received diplomas today from the Menard prison high school in the first such graduation ceremonies in the state. All were students of the prison academic and vocational school.

Warden Randolph said the state board of vocational education authorized diplomas for the convict graduates of the heavy equipment school, which Hodge organized. The diplomas certify the holder has completed an approved course in operation, maintenance and

MISSING PLANET?
 Astronomers assume that one planet is missing since, theoretically, there should be a planet revolving in an orbit between Mars and Jupiter, but no planet ever has been found there. Instead, there are a large number of small bodies, known as asteroids, minor planets, or planetoids.

MORE ABOUT

City's
Pollution

(Continued from Page 1)

the work, the project also is covered by the bond issue—just in case.

During speaking engagements before local civic groups, Edward Juneau, design engineer from the firm of Sheppard, Morgan & Schwaab, has pointed out the key to solving Granite City's drainage problem at the lowest cost is to separate the present combined sewer system and to build a new drainage system. Drainage lines are cheaper to build than sanitary sewers, and through a new system of two ditches, all storm water north of 21st street, which now is flowing through the combined sewers to the river, will be diverted to Horseshoe Lake.

The new system is designed to speed the runoff, and with separation of storm water and sanitary sewage, will end the constant worry of sewage backup into basements or the overflow of the combined system into city streets. When the present sewer system is overloaded during heavy rains, sewage backs up through catchbasins and manholes onto the streets as well as into basements.

Originally, the citizen group had planned a \$16,000,000 overall program to include additional ditches on the outside of the Nameoki area. However, it had to be cut back last year when Gov. Kerner vetoed a bill passed by the legislature which would have permitted increased bonding power for the levee district to finance a major portion of the construction.

With the setback, the citizen group sought for the most beneficial program to aid, not only the most Granite Cityans but also to provide for future growth and expansion of the system.

The separate sewer system—one for sanitary sewage and the other for storm water—would give the city the entire capacity of the present sewer system for sanitary flow and a new system for storm water.

tainers will be provided by the contractor under a lease arrangement. Such 2 1/2-cubic yard containers normally are used by restaurants, groceries and industries.

The pickup schedule to be started next week was outlined by Yust as follows:
Monday—In the Nameoki area including Briarcliff, Bellemeade Place, Cloverview, Max Heights, Holiday Gardens, Westchester, old Nameoki proper, with the south boundary being along Johnson road from Nameoki road to Washburn avenue, then south along Washburn avenue extended to St. Clair avenue and east along St. Clair to the city limits.

Tuesday—The area southeast of Nameoki road and south of Johnson road from Nameoki road to Washburn avenue and south of St. Clair avenue from the Washburn avenue extension to the city limits. This includes Shamrock Gardens and the Glenview area.

Wednesday—An area bounded by Nameoki road to the east, the railroad tracks to the north and on the south by 26th street, August street, extending west along East 23rd street and 23rd street to Omaha street, the city limits to the extreme south and Edwardsville road, to include Lueders Park Estates, the area surrounding Wilson Park, the portion of East Granite east of August street and Tru-City Park.

Thursday—Lincoln Park, West Granite, North Granite and the section of the city south of 26th street, including the business district.

Friday—An area bounded by the railroad tracks to the west, 26th street to the north, August street and East 22nd street, to the east and 20th street to the south.

'Gas War' Apparently
Over; Prices Up 10c

A 10-cent hike in the retail price of gasoline at major and unbranded service stations here last night and this morning signalled an apparent end to a week-old gasoline price war.

Major brand prices jumped from 20.9 cents per gallon to 30.9 for regular and from 25.9 to 35.9 for premium grades, and in some cases were a cent higher per gallon at 31.9 and 36.9 cents today.

Unbranded stations also upped their prices a dime per gallon, with most posted prices this morning 30.9 for regular and 35.9 for 24.9 for premium.

Most auto owners took good advantage of the price reductions while they lasted. One even went so far as to fill a 55-gallon drum while prices were at their lowest.

Various explanations of the "gas war" were given by local station operators, one being that major brand companies were striving for a smaller differential between their prices and those of unbranded stations.

Tibor Toth Wins Top
National Shoe Award

Tibor Toth, 1507 Lindell blvd., received one of nine top national awards at the annual Leather Industries of America show in New York Monday night.

Toth, a men's shoe designer for International Shoe Co., received one of two awards in that category. Others were given in women's and children's shoe designing.

The award was the first for men's shoes ever received by International.

Toth received the award in a ceremony at the Waldorf Hotel, climaxing the annual leather show. He returned from New York yesterday after a four-day visit.

Mohon Sentenced To
State Prison Farm

Jamie Lee Mohon, 28, of 1503 1/2 Third street, Madison, was sentenced to six months at the state prison farm at Vandalia Monday in circuit court at Edwardsville

after pleading guilty to a charge of deceptive practices. A burglary and larceny case against Arthur Glynn, 22, of Granite City, was dropped with leave to reinstate.

Among other cases scheduled to be heard was that of Marshall Hicks of Granite City, charged

with burglary and larceny. His case was continued until the fall criminal court session.

You can steam rice dry, after cooking, if you put the rice in a colander over boiling water and cover it with cheesecloth. Just be sure that the rice does not touch the boiling water.

Roast fresh pork spareribs on a rack in a roasting pan in a moderate oven for 1 1/2 hours until they're tender, basting occasionally with a barbecue sauce. Before serving, cut the ribs into finger-food sections. As a go-along—lots of paper napkins.

Farm Column

By TRUMAN W. MAY
Madison County Farm Adviser

In the wheat variety test plot grown by James Wines of Saline township in cooperation with the County Agricultural Extension Service, harvested last week, the highest yield was made by the Redcoat variety. It produced at the rate of 51 bushels per acre. Second high was the Dual 1 variety, with 46.3 bushels per acre, followed by Omaha 39.6, Ponca 38, Pawnee 35.3, Ottawa 33, Monon 32.6, Knox 32, Vermillion 30 and Triumph 29.3 bushels.

The Knox variety ranked first in a similar test plot grown by Alvin Meyer and son Vernon of Moro township. It yielded at the rate of 47.6 bushels per acre. Ponca was second with 47 bushels, then Monon 46.3, Pawnee 43.8, Dual 42.5 and Redcoat 39.2 bushels.

Too much emphasis should not be placed on the results of one year's test, especially true this year, with severe winter and variable weather conditions in the spring. A severe hail storm struck the Wines plot and undoubtedly affected the comparative yields.

Redcoat is a new soft wheat developed in Indiana. So far it has not shown enough merit to recommend it in Illinois but it may deserve more consideration and will be tested again next season. The fact that it ranked first in the Wines test and last in the Meyer plot shows how conditions varied this year. Redcoat was a very strong straw and it may have resisted the hail better.

Knox was very popular here for several years, but it has been in disfavor because of its susceptibility to loose smut. There was much loose smut this year and the Knox came through with higher yields.

A new strain called Knox 62, from hot-water treated seed and supposedly more resistant to smut, will be available for this fall's seeding.

The hard wheats in our tests were the Ponca, Pawnee, Ottawa, Omaha and Triumph. The others were soft varieties.

Most generally grown soft wheats in the county this year were Vermillion and Monon. Pawnee was the most common

hard variety. Reports from farmers in the three counties are conflicting well, on the average, considering the unfavorable factors that caused lower yields compared to the past several years.

The rather enthusiastic report of one of our livestock farmers about his results in fattening bulls compared to steers prompts us to pass along some recently received information from G. R. Carlisle, livestock extension specialist of the University of Illinois. He tells about a three-year test at Purdue University in which bulls were compared with steers in the feed lot.

The calves were put into the feed lot right after weaning and fed out while still young. The bulls gained a quarter of a pound per day faster. Feed cost was 64 cents per hundredweight of gain cheaper for the bulls. The bulls had less fat cover on the outside of the carcass by 3 inch and 1 1/2 inch large rib eyes.

Both steers and bulls had about the same percent of the carcass in the round, rib, loin and chuck. However, steers had heavier loins and ribs, and bulls had heavier chucks. Rounds were the same.

In summary, the bulls gained faster and slightly cheaper and were not so fat as the steers. The problem was that they had too much of their weight in the chuck, a cheap cut.

Another objection is that bulls are more active and aggressive, of course, and not so easy to handle. We don't expect to see any great increase in bulls in the feed lot, despite some of the reports on their merits.

At the annual Black and White Show of the Madison County Holstein Club at Highland last week were won by entries from the herd of Clyde Lebeque of Highland. The six trophies were for champion bull, cow, junior and senior get of sire, produce of dam and dam and daughter.

The other two trophies went to Vernon Hitz of Highland for junior champion female and junior entry. A total of 42 cattle was exhibited, from seven herds.

The judge was R. B. Howard of Dundee, Illinois. Trophies were contributed by business firms of the county.

Other blue ribbon winners were shown by Norman Henke, Staunton; Robert Hoke, St. Jacob; Ronald Nagel, Highland

and Kent Berg, Highland. In the fitting and showmanship contest for junior members, the trophy was won by Kent Berg with Vernon Hitz second.

"Two American Patriots," a half-hour documentary celebrating the 100th Anniversary of the Land-Grant Act and paying tribute to its founders, Jonathan B. Turner and Justin S. Morrill, will be presented on KMOX-TV Thursday, June 28, 9:30-10 p.m.

The program — showing film sequences of campus life at the Universities of Missouri and Illinois and scenes of agricultural activity in both states — will show how the Land-Grant Act has served to stimulate the development of natural resources and technological advances in the United States and the underdeveloped countries abroad.

First shipment of this year's fresh, ice-cooled sweet corn was made Monday to one of the large St. Louis food stores by Richard Taylor of Edwardsville township, one of the commercial growers. Stores of the area will be well supplied during the rest of the summer with this excellent locally-grown corn, now better than ever with the new, improved, tender, flavorful varieties.

The lamb market last week was \$6.25 above the top in the corresponding week last year. Lambs as heavy as 90 pounds that will grade choice should be sold now, ahead of the usual July drop. Garland Russell, manager of Swift and Co. at National City, told us last week the demand is good and any lambs ready should come to market.

One of the local grain elevator managers called last week to report that he had to reject two truckloads of wheat because of the presence of rat pellets. He suggested that farmers should hold back the first few bushels of wheat from the combine that are apt to contain pellets left by rats that get into the combine during the winter. A good idea, too late now for this year in most cases, but worth remembering.

Water used for poaching eggs should come up two inches high in a saucepan or deep skillet.

Madison Rotary Lauded For Flag Sponsorship

The Madison Rotary club was lauded yesterday for initiating a program under which flags will be flown along the entire length of Madison avenue in Madison on appropriate days. A letter expressing the city's appreciation was received from City Clerk Percy Lux.

Rotarians solicited contributions from businessmen, and the city aided in installation of sockets in newly-poured sidewalks. Madison Rotarians are taking re-

sponsibility for display of the flags on holidays. Outgoing President Fred Schmidt presided at his last meeting, and Oscar Albert addressed the club on factors in gasoline price wars. He said branded firms are seeking to hold their gallon prices within a cent of those charged for unbranded gasoline.

Two Found In Freight Car Fined In Venice

Fines of \$50 each plus costs were levied by Venice Police Magistrate Wesley Edwards

Tuesday night against two men charged with illegally riding a freight train in Venice June 24. The men, Robert Earl Jones, 34, East St. Louis, and Mack Lee Baker, 42, Nahant, Ga., were taken to the county jail Tuesday night for non-payment of the fines. Jones had been hospitalized for two bullet wounds in the right lower leg.

A railroad detective, William Morgan, St. Louis, reported that he fired after Jones attacked him as he was awakening the two in an empty box car.

Store Window Cracked

Vandals threw an unknown object against the plate glass window at the Unique Gift shop in Granite City Monday afternoon. The window was cracked. Two boys had been observed standing across the street at the time the incident occurred.

Vandals Break Mirror

James Francis, of 1217 Twenty-second street, told police Tuesday night that the rear view mirror was broken off his auto while it was parked near his home.

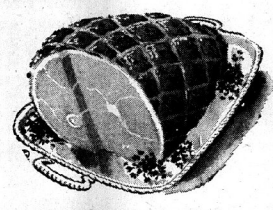

Granite City PRESS-RECORD

Thurs., June 28, 1962 Page 22
"Miss Granite City" Not In State Contest
Miss Barry Jo Wood, 1962 "Miss Granite City," is not competing in the "Miss Illinois" Pageant currently underway at Elk Grove Village.
Miss Wood, who was chosen to represent the Granite City Jaycees last year, said prior plans made it impossible for her to attend the four-day state contest.

Street Lights, Stop Signs

In other action, the council authorized installation of two street lights, one in the 1800 block of Collinsville avenue and

the other on State street near the main office of General Steel Industries.

Action was taken on the Collinsville avenue location after complaints were received from citizens. The mayor recommended the State street location because it is dark there and auto accidents have occurred.

Installation of stop signs was approved for the corner of 13th street and Grand avenue. They will halt Grand avenue traffic, making the intersection a four-way stop.

The council instructed the legal department to look into the possibility of enacting an anti-shopping ordinance to help protect merchants.

Purchase of an insecticide spraying machine for the street department was approved at a cost of \$490.

Approval was given the Union Electric Co. to abandon its franchise for a gas pipeline in the southern portion of the community. The company has been paying a franchise fee of \$100 a year and has not used the line for some time.

MISSILES

Only three new missile types became operational during 1961, but 15 other missiles either were in production or in the stage of research and development, according to the Encyclopedia Britannica.

Compared with its rural neighbors, a city has 5 to 10 per cent more clouds and precipitation. Temperatures average 1 to 2 degrees higher. The windspeed in a city is 20 to 30 per cent less than in the surrounding country and the relative humidity is 3 to 10 per cent lower.

PASSPORT CHANGES

Beginning in January of 1961, changes were made in the form of the U. S. passport. Material of the cover was changed from cloth to plastic and the color from green to blue. Also in that year, for the first time in many years, a 48-page passport was issued to persons such as travel agents who travel almost constantly. The ordinary passport contains 20 pages.

Walt Whitman served as a volunteer nurse in the Civil War and recounted his experiences in a volume of poetry.

Building Permits Total \$58,720 For Two Weeks In GC

Primarily for home repair and improvement projects, building permits totaling \$58,720 were taken out in Granite City during the past two weeks. Only one new home construction permit was issued.

Permits issued by Earl Bloomquist, city building inspector, included \$23,475 in home projects. Improvement permits totaling \$3600 were issued to two business firms and garage and carport construction amounted to \$4750.

The single new home is to cost \$21,000. A permit was issued for installation of a \$3995 mobile home and permits issued for erection of two advertising signs amounted to \$1500.

Contractor Pete Jellen of Edwardsville will build the house, a six-room brick veneer structure, at 37 Bermuda lane.

A permit for a \$2800 remodeling project was issued for the Ingleside Tavern, 23rd and State streets, and an \$800 permit for general repairs and remodeling was issued to the Ryan Paint store, 2908 East 23rd street.

Two New Signs
Cohen's Market, Twenty-fourth street and Illinois avenue, obtained a permit for installation of an \$1100 advertising sign. A similar permit went to Adams Tire Co., 2256 Madison avenue, for an \$800 sign.

The permit for installation of the mobile home went to Harold

Dable. The unit is to be installed at 728 Denver street.

A permit for repair of fire damage at the former Alden's store, 1906 State street, at an estimated cost of \$700 was received by the M. H. Wolfe Construction Co. The property is owned by a University City, Mo., woman.

Victor Shanta received a permit, for a \$2500 addition at 1849 Spring avenue, and Ernie Bellamy got a permit for installation of siding at 2318 Iowa street at a cost of \$2200. A \$1600 permit went to Mike Todoroff for installation of siding at 1541 Maple street.

Other Permits
Other home improvement permits were issued to Howard Joyce, \$700, for a porch at 2743 Sunset drive; Marvin Slinger, \$600, installation of siding at 2406 Missouri avenue; Al Gracey, \$1500, general repairs at 2834 Cayuga street; Carl Warren, \$1000, addition at 2121 Illinois avenue.

Everett Wigger, \$500, installation of siding at 2015 Dewey avenue; Frank Ebling, \$200, porch enclosure at 1743 Edison; Al Ward, \$600, general repairs at 2408 Hodges avenue; W. E. Green, \$200, general repairs at 2258 Delmar avenue; Jay Kinder, \$500, installation of siding at 2206 Missouri avenue; Walter Kelsaw, \$200, porch repairs at 2626 Duxton avenue; Dale Burnett, \$1000, porch and remodeling at 2901 Circle drive; Jewell Hall, \$1000, porch repairs at 2520 East 24th street; Edna Scoggins, \$745, porch repairs at 2220 Iowa street; and Willis Etherton, \$365, porch repairs at 2314 Missouri avenue.

Garage or carport permits went to Fred Hillier, 2137 Jill avenue, \$700; Herman Hurt, 2720 National avenue, \$500; W. E. Shaefer, 2982 Iowa street, \$850; S. T. Nickell, 2571 East 27th street, \$800; F. R. Jackson, 2233 Edwards street, \$700; David Clutts, 3005 Willow avenue, \$700; and James Bruder, 2984 Grand avenue, \$300.

RIDING HIGH is the word for it as Dale Dickey (left), 2676 Highway 67, and Carl Wolen, 1610 Spruce street, display Dale's unusual bicycle, constructed by his brother, Leon, from an upside-down bicycle frame.

Zoning Change On Pontoon Road Ok'd By Council

An ordinance amending the city's zoning code was approved Monday night by Granite City council members, designating a building on the corner lot adjacent to the Champion's new store, City Building Inspector Earl Bloomquist said the structure was in existence prior to the adoption of the zoning code and was non-conforming in an R-1 residential area.

The community in which each man acts like his neighbor is not a civilized community. —Archibald Henry Sayce

GC Boy's Transportation Makes Quite a Tall Tale

If Dale Dickey is up in the air over his mode of transportation, it's not hard to see why.

Dale, who lives at 2676 Highway 67, is owner of an unusual bicycle—one on which the rider sits approximately five feet above ground. The bicycle was built a year ago by his brother, Leon Dickey, who had seen a similar model in Arizona.

The bicycle consists basically of an upside-down frame with the extensions welded to extend the fork and to raise the seat. Crossbars support these.

Does the bicycle attract much attention? "Yes," Dale says. "People either give us a funny look or they won't look at all."

SIU Conference On Road Sign Standards

A first step toward standardizing signs and traffic signals on all roads in the state was made yesterday at a conference at Southern Illinois University, Carbondale.

Yervan Kupeil, District 9 traffic engineer for the Illinois highway division, said about 70 municipal, county and township officials attended the SIU conference to hear recommendations on sign standardization.

The conference was sponsored by the Illinois Division of Highways' Bureau of Traffic.

The standardization move follows the state's adoption of a federal manual on road signs which sets larger minimum sizes, changes the wording on some and effects other revisions in the interest of safety, Kupeil said.

Although city, county and township road systems are not legally required to follow the state's lead, he added, road mark-

ings must meet the new government standards to qualify for federal aid on highway construction.

The conference was just the beginning of a drive to get everybody to use the same kinds of signs and signals," Kupeil said.

ENGAGED. Miss Judith Ann Grindstaff, whose parents, Mr. and Mrs. Kit Grindstaff, 3111 Kirkpatrick Homes, are announcing her betrothal to Phillip J. Carter, a son of Mr. and Mrs. William Carter, 2207 Nevada avenue. The bride-to-be is employed by the First National Bank. Her fiancé is a Union Starck & Refining Co. employee. Both are June 1961 graduates of Granite City high school.

Smolar-Paskus Engagement

Mr. and Mrs. John Paskus, 1835 Second street, Madison, are announcing the engagement of their daughter, Miss Mary Ann Smolar, to George Smolar, a son of Mr. and Mrs. Helen Smolar, 2417 Washington avenue.

The bride-elect, a graduate of the Madison high school, is employed by the U. S. Army Transport Materiel Command in St. Louis. Mr. Smolar received his education in the Granite City schools.

He is an employee of the Granite City Steel Co. Wedding plans have not been made.

RETURN FROM FLORIDA

Mr. and Mrs. Jack Ross, 2671 Washington avenue, with their daughter, Jackie, and Sherry Mitchell, have just returned from a tour of Florida. They were away two weeks and on the tour visited friends in Panama City and Daytona Beach and spent some time at the Ringling Circus Hall of Fame in Sarasota.

MR. AND MRS. RONALD L. MARCUS, a recent bride and groom. Mrs. Marcus is the former Carolyn Lee Mooshegan, a daughter of Mr. and Mrs. Oscar Mooshegan, 3108 College place. The ceremony was performed by Justice of the Peace Harry Harlan.

Double-Ring Ceremony For Carroll-Cope Nuptials

Arrangements of white gladioli and pom poms, banked with greenery and lighted with burning tapers in candelabra, provided the setting Tuesday evening for the wedding of Miss Carol Cope, a daughter of Mr. and Mrs. Harold W. Cope, 1713 Primrose avenue, and Richard T. Carroll, a grandson of Mr. and Mrs. Frank Harris, 2308 West 24th street.

The nuptials took place at St. Peter's United Church of Christ, 21st street and Cleveland blvd., at 7:30 o'clock with the Rev. Robert Baumann, pastor, officiating at the double-ring ceremony.

Preceding the service, Miss June Nightwine sang "O Perfect Love" and the Lord's Prayer, accompanied by Mrs. Gordon McAllister, organist, who furnished a program of appropriate numbers and played the wedding marches.

Given in marriage by her father, the bride was beautifully gowned in cloud white nylon organza sheer over tulle. The molded bodice was fastened with a wide yoke of pointed Viennese lace and lace formed the cap sleeves. The empire waistline was emphasized by a butterfly bow. The very bouffant skirt which billowed in unpressed pleat effect was outlined with wide bands of lace at the dropped hip line, and cascaded into a chapel train. A tiered veil of French illusion was caught to a Kismet wreath of pearlized orange blossoms with a pearlized rose over the center forehead. White roses and stephanotis made up the cascade bridal bouquet.

Heading the procession to the altar was Miss Ellen Winter, a maid of honor, and Miss Sandra McNab of Webster Groves, bridesmaid.

They were in gowns made alike of Viennese lace with rounded necklines, tiny cap sleeves and ballerina-length skirts. Miss Winters wore empire pink and Miss McNab chose Dior blue. The nylon sheer skirts were made with matching satin mid-rib triple bustle pleats down the center back. Matching headpieces of lilies of the valley studded with tiny sequins were attached to circular veils and they carried Chantilly lace fans adorned with roses and stephanotis to match their gowns.

For her daughter's wedding, Mrs. Cope wore a dress of rose beige lace over tulle, a beige hat, matching accessories and a corsage of mint green roses and bronze ribbon. Mrs. Harris was in navy blue lace, a pink hat and a corsage of pink roses.

Mitchell Kiwanians To Attend Meetings

Mitchell Kiwanis Club members held a regular business meeting at Smith's Cafe Monday evening.

The nine members present discussed plans to send four or five inter-club committee members to a Wednesday evening dinner-club meeting at Collinsville and

to send three members to a meeting Sunday at the Mineral Springs Hotel in Alton at which Lt. Gov. Al Bernard will preside.

SOCIETY

Juhasz-Fea Engagement

Among the early summer engagements announced is that of Miss Joyce Ann Fea, a daughter of Mr. and Mrs. Thomas N. Fea of Rural Route One, and John Michael Juhasz Jr., whose parents reside at 2035 Madison avenue.

Miss Fea, a 1959 graduate of the Granite City high school, is presently employed in the offices of the Laclede Steel Co., St. Louis. Her fiancé graduated the same year from Assumption high school in East St. Louis and is attending Southern Illinois University where he is a senior student. The wedding will be solemnized Dec. 29 at Sacred Heart Catholic Church.

HOMYER-LEHMANN MARRIAGE ANNOUNCED

Announcement is made of the recent marriage of Mrs. Frances Lehmann, 2024 Yale drive, widow of the late Albert B. Lehmann, and Roy Homyer, 2945 Fehling road.

The private ceremony was performed June 1 at Sacred Heart Catholic Church by Mr. Michael Costello. Attendants were Mrs. James Perdue and Norbert Homyer, a cousin of the bridegroom.

Mr. and Mrs. Homyer are residing at 2945 Fehling road.

14th Annual Park Softball Tourney Begins Five-Day Run Here Saturday

The Granite City park district's 14th annual invitational softball tournament, with eight teams entered, will get underway at Wilson Park Saturday evening and run through next Wednesday, July 4.

A Class A tournament sanctioned by the Amateur Softball Association, the five-day double-elimination affair includes among its entries the DeVillie Motor Club from St. Louis, fifth place finishers in the 1961 World Tournament; Blue Circle Lounge of St. Louis, Metropolitan champions last season; and the defending tournament champions, the Granite City Park District team.

The second local entry, Spencer Insurance, will open the tournament at 7:30 p.m. Saturday when it meets Seaco of St. Louis. At 9 p.m. Saturday, the Alt-Wood Merchants will oppose DeVillie Motors.

On Sunday evening at 7:30, the Park District will play the Alt-Wood Merchants. The first round will be concluded with a 9 p.m. contest between Eighth Inning Lounge of St. Louis and Blue Circle Lounge.

Championship semifinal games are scheduled Monday, with Saturday winners meeting at 7:30 p.m. and Sunday's winners at 9 p.m.

The consolation bracket will be completed on Tuesday, with the losers of tournament games Nos. 1 and 3 meeting at 6:30 p.m. and the losers of games Nos. 2 and 4 playing at 8 p.m., and the survivors clashing for the consolation trophy at 9:30.

The tournament championship game is scheduled at 7 p.m. on Wednesday. Ten teams originally were scheduled to compete in the tournament, but a Springfield, Mo., entry dropped out last week, necessitating the elimination of one additional squad before brackets could be drawn up.

Admission to each of the tournament's five sessions will be 25 cents.

Press-Record Staff Photographer

TOURNAMENT SPOILS, in the form of 24 trophies to be awarded at the conclusion of the Granite City park district's annual invitational softball tournament, are examined by Harold Brown, superintendent of parks and recreation. Eight-team tourney opens at Wilson Park Saturday night and concludes July 4th with 7 p.m. title game. Trophies include team awards for first, second and consolation places, individual awards for members of the championship team and trophies for most valuable pitcher and leading hitter during the five-day Amateur Softball Association-sanctioned affair.

Alt-Wood, Club Delmar Edge Foes

One-run victory margins were the rule at Wilson Park Monday night, where Alt-Wood Fuel and Club Delmar scored wins in the 35-Plus Slow Pitch Softball league.

In a game which saw four balls hit out of the park, Alt-Wood went nine innings before squeezing past Trust Bank, 15-12, and did it with a three-run rally in the last frame.

Schmitt's Little League Club Delmar also staged a three-run comeback, in the fifth inning to edge VFW Post 1300 7-6, on Harold Schmitt's home run with two teammates on base.

Andy Mofsky and Roger Bowler connected for solo round-trippers in the third and fourth innings for Trust Bank, and Rufus Ketter hit one for Alt-Wood in the sixth with nobody on base. The big blow for the winners was Bob Dant's three-run homer in the fourth.

Trailing 9-3 after four innings of play, Alt-Wood tied the score at 10-all with three runs in the bottom of the seventh. Trust came back with two in the ninth, but then drove across on Harry Taylor's single.

But two outfield errors by Trust Bank, a single and two walks tied the game in the bottom of the ninth, and Babe Ames' long drive sent the winning run across with one out when he singled. Master of ceremonies will be television personality Russ Carter.

Trampoline Contest

Also at Wilson Park, a trampoline contest and gymnastics exhibition will be held at 8 p.m. Tuesday. Madison activities will include twilight baseball contests Monday through Wednesday, with prizes to be awarded.

Master of ceremonies will be television personality Russ Carter. Albert Love, co-chairman of the Madison event with Mike Sasyk, emphasized that plenty of free parking space will be available to those attending the celebration.

In Granite City, the events are under the direction of Harold Brown, superintendent of parks and recreation for the park district.

Independence Day Activities Begin In Area Saturday

Independence Day celebrations will begin in the Quad-Cities Saturday, with activities at Wilson Park and the Madison junior high school grounds to be climaxed by fireworks displays next Wednesday, July 4.

Rides and concessions stands will be in operation at both places Saturday, beginning at 1 p.m. in Wilson Park and about 6 p.m. in Madison. The Madison program also will feature twilight baseball contests Saturday, while opening games of an invitational softball tourney begin Saturday at Wilson Park.

The fireworks displays, which drew an estimated 15,000 persons last year, will begin at 9 p.m. Wednesday at both celebrations.

Celebration Sponsors

Events at Wilson Park are sponsored by the Granite City park district, while the Madison celebration is a project of the Madison Lions. The Venice Amvets, who sponsor the Madison celebration on alternate years, will assist the Lions.

Amusement rides will be in operation during the afternoon and night Monday through Wednesday, with concessions stands operated by local organizations at both places.

A street dance will be conducted at Wilson Park Monday night, with prizes to be awarded. Master of ceremonies will be television personality Russ Carter.

Minnesota Twins To Hold Tryout Camp Next Week

Area scouts Bill Messman and Jack Rossier will be in charge of an annual Minnesota Twins baseball tryout camp at Blanchette Park in St. Charles, Mo., on July 5, 6 and 7.

The scouts said all ballplayers between the ages of 17 and 23 desiring to enter professional baseball are invited to attend. Shoes, glove and uniform should be brought to the tryout camp, and players in the Junior American Legion program should bring written permission to participate from their coaches or parents.

The camp will begin each morning at 9:30.

Several products of last year's camp, including Don Dillard of Granite City, are now playing in the Twins' minor league organizations.

This year's camp will be highlighted by the selection of an all-star team which will play an exhibition game at a later date. Assisting Messman and Rossier at the tryout camp will be scouts Dick Stoughton and Walter Ferguson.

Mercer Plays Red Sox; Hearts Hope To Extend Merchants' Losing Skein

Mercer Funeral Home and Sacred Heart, victims of rain-out last weekend together with everybody else claiming membership in the Southern Illinois Inter-City Baseball league, will step outside their respective divisions Sunday afternoon when the league resumes play at five locations.

Mercer, ruined out twice this season, will play here in Wilson Park against the Maryville Red Sox, a team the local squad edged earlier, 7-6.

And the Hearts are scheduled in Roxana (0-9) against the Merchants, 12-9 victims of Paul Schuler's boys back on May 13.

Both local clubs need victories if they are to make sure they remain in the running—and in second place—in their divisions, the Hearts in the Red and Mercer in the Blue.

East St. Louis Monopoly
East St. Louis clubs currently monopolize the top spots in both leagues. Moose Lodge (3-0) leads the Red division, and will seek its second win at Carpenter. Blue division leader McAteer (Glass 7-1) will be at home to Troy's

SUNDAY'S SCHEDULE

(All games at 5:00 p.m.)

Maryville vs. Mercer at Wilson Park

Sacred Heart at Roxana

Troy vs. McAteer Glass at Jones Park

Moose Lodge at Carpenter

Peachontas vs. Collinsville at Fletcher Field

Redbirds, 6-4 victims of the Glasmen earlier.

The Peachontas Braves, who have remained in a second-place with Mercer for the past three weeks, will tackle Collinsville's Boosters in Collinsville to

round out the Sunday schedule. The Braves and the Collie Mills Dick Portell entry from Granite City both stand 5-3.

July 4 Schedule
I-C managers must look ahead Sunday in the scheduling, and use of pitchers, since the league has a full slate of games on Wednesday, July 4.

The Hearts and Mercer will meet in their traditional Independence Day battle at Wilson Park here, Carpenter is at Peachontas, Collinsville at Maryville, McAteer plays Moose Club in East St. Louis and Troy travels to Roxana for a battle between league cellar-dwellers.

Select All-Stars
Tomorrow night league representatives will gather at the American Legion Post 113 Home to select members of two division all-star squads. Mercer will serve as the host team.

The annual all-star contest between the best, which the Red and Blue divisions have to offer is scheduled on Sunday, July 15, at Jones Park in East St. Louis, with the Blue division stars as home team.

Paddlers Begin

Swim Competition With Dorchester

The Paddlers Inc. swim team will begin formal competition Saturday evening in Belleville, where the local club is scheduled to swim against the Dorchester country club squad. Events will begin at 6 p.m.

In a warmup practice meet last week against the Montclair club of Edwardsville, Paddlers piled up 270 points and Montclair 62.

Other Southern Western Swim Association meets on the Paddlers' schedule this summer include July 5 at Lock Haven of Alto, July 5 at Sunset Hills (diving)

only), July 17 with Town and Country of Collinsville here, July 25 with Summer Sports of Alto here, July 28 with Montclair here ("Minnows" only), and Aug. 3-4, the SWISA championships at Paddlers.

The Paddlers' pool also will be the scene of the Granite City Jaycees' local Sports Jamboree swimming competition on July 14.

Paddlers' swimmers will compete in the JCS Sports Jamboree sectional swimming and diving meet, scheduled at the Granite City Engineer Depot on July 21.

Rome & Roy's Wins In Extra Frame; Ties For First In Classic League

Rome & Roy's pushed across the tying and winning runs in the eighth inning, Tuesday night at Wilson Park to edge Moose Club 3-2, and moved up to tie for first place in the Classic Softball league as a result.

In another well-matched Classic contest Tuesday, Madison Bowling Club secured the game's only run in the bottom of the seventh to nip Busy Bee Truck Stop 1-0.

The win by Rome & Roy's was the club's fourth in five tries, identical to the record of Spenger Insurance. Moose Club fell from a first-place tie by absorbing its second loss in six contests.

Two Games Tonight
Tonight, Spenger will get an opportunity to take over first place outright when the team plays Granite City Steel Credit here at 8:15. The first game will match Busy Bee and the Graniters at 7 o'clock.

Moose Club and Rome & Roy's finished seven innings in a 1-1 deadlock Tuesday.

The Moosemen apparently had sewed things up with back-to-back doubles in the top of the eighth by Don May and Cotton Singler, but loser Bill Favier walked the first batter he faced in the bottom of the inning, pitcher Ray Huff.

Rich Patterson then sacrificed Huff into scoring position, from where he scored on Frank Spohr's game-tying single.

Spohr took third on the throw to the plate, and then came across with the winning run when Dave Wilson grounded out.

Win In A Walk
Busy Bee and Madison Bowling Club played 6 1/2 innings of

scoreless softball in the second game, but losing pitcher Cyle Myers, who had managed to strand eight runners without being scored on, lost this control in the last of the seventh.

Frank Laub reached on an error with one out, and two consecutive walks loaded the bases. Laub was forced at the plate by Ray Landys, but Floyd Price walked to force in the winning run.

Myers gave up only three hits but issued six free passes. Winner Jerry Voloski was touched for four safeties but did not walk a batter.

The Classic league standings:

Team	W	L	GB
Rome & Roy's	4	1	...
Spenger Insurance	4	1	...
GCs Credit Union	3	1	1/2
Moose Club	4	2	1/2
Madison Bowling	2	4	2 1/2
Graniters	1	4	3
Busy Bee	0	5	4

Hearts To Play Robins Saturday; Reilly And Price Sign With Club

Granite City's Sacred Heart will meet the Brooklyn Robins in an exhibition baseball game at 4:30 p.m. Saturday in Brooklyn, Manager Paul Schuler said to day.

Schuler also announced the signing of Dan Reilly and Bob Price as members of the local Inter-City league club. Price is scheduled to play on the infield and Reilly will be used as a pitcher by the Hearts.

Both new acquisitions were regulars on the Missouri University baseball club which advanced to the NCAA college world series this spring.

The Downtate Fisherman

By PETE BROWN

(Compiled by the Southern Illinois University Information Service from area reports.)

The mystery, if indeed that's what it is, continues to deepen at Crab Orchard Lake and its solution here at the tail end of June seems more remote than ever.

Were they the big bass? When are they going to start hitting?

To Bill Barkins, new public dock concessionaire who is perhaps the first, liveliest second, the situation is a pure puzzle. The lake is in prime bass fishing condition. Other factors such as water temperature and post-reproductive activity on the part of bass would seem to favor good fishing. But nothing is happening.

"It's not like it used to be," Barkins muses, "not at all. It seems like there's been a complete failure this spring." Bill Dahmer of Marion is one of those lake diehards who can usually be depended on for results when others are striking out. Yet he hasn't hit much better than 150 all spring. In fact, the Crab Orchard Veterans, as a team, aren't batting much better than that.

To team slugger Irvin Pettibone of Carbondale, however, there is really no mystery at all. Pettibone, a sort of Frankie Frisch type, says "Too much rain in June, that's all there is to it, and they won't start moving in good until after the Fourth of July. That's been the pattern since 1943 when there've been wet Junes."

One of the league's relative newcomers who has literally lashed the hide off the ball at Little Grassy the past two seasons has been almost hitless at Crab Orchard. He is Gene Vest, a transplanted West Virginian now out of Marion, noted for his year-round use of surface plugs. Of late, though, Vest's average began to dip at Grassy so he started swinging (and here we'll drop this exhausted metaphor) at Marion City Lake. It is a fact

that in one week's time Vest caught 58 bass ranging between four and seven pounds apiece and Aud Sprague, lake caretaker can verify it because most of them were deposited by Vest in a live box for the taking by other anglers not so fortunate as he.

Fishing has declined practically everywhere Southern Illinois. Horseshoe Lake's crappie census is down sharply and bluegill angling is down a whiff. One catch of three bass totaling 13 pounds added some lustre to the report, however.

Devil's Kitchen went through a slow week with very few catches reported at dockside.

Ed King of Whittington made most of the news at Little Grassy, with a seven pounder, a four and one-half pounder and a two, all on Heddlers. Crappie and bluegill have been hitting at a fair pace and six-year-old Kevin Williams of Vergennes came up with a couple of bullheads averaging better than a pound and a half.

Local fisherman Don Genovese hit Lake Murphysboro for a four and one-half pound bass on a white plastic worm, first one of any size seen there in three weeks. Channel cat catches included those of Ronnie Reeder, Murphysboro (eight pounds); Roy Knudson, St. Louis (five pounds); and Don Pellegrini, Murphysboro (two three-pounders).

Fishing is off at Ramsey Lake

where bluegill, bass and catfish rank in that order on a slim menu. The same is true of Red Hills Lake near Sumner.

Bond For GC School System Treasurer Set At Million

A bond for the new Granite City school treasurer, Monroe Worthen, was authorized Tuesday night by the school board which accepted a \$1,068 bid on a \$1,000,000 surety bond.

The bond will be supplied by the United Pacific Insurance Co., Tacoma, Wash., through the Holsinger insurance agency of Granite City. Action was based on the low bid at the \$1,000,000 level among 10 quotations. Seventeen firms participated in different phases of the bond bidding.

The cost was described by board members as considerably less than that of the past bond for the township school treasurer. The bond fee amounted to \$1326 in the past two years, or \$763 a year for a \$400,000 bond.

Transition Next Week

With the township school trustee system going out of existence in Madison and St. Clair counties June 30 due to a 1961 state law, Worthen and other school treasurers will assume their duties July 1.

A member of the school board, he will serve as treasurer without pay.

In a brief report to the board Tuesday night, Worthen said new taxes received will be deposited directly in the Trust and Savings Bank. Small account balances remaining after this

month's payments by the district will be left until about July 3 in the First Granite City National Bank to permit June 30 reconciliation procedures to be carried out, he said.

Policy On Depository

The board has adopted the following policy regarding the depository: "Whereas the board of education desires to establish as a part of its board policies a system of rotation of depository and whereas it is the intent that said rotation policy commence on July 1, 1962, and continue in future years, now therefore be it resolved that the board policy for future use be that the depository of funds shall be on a two-year basis and be alternated between the Granite City Trust and Savings Bank and the First Granite City National Bank, both of Granite City, Ill."

"Be it further resolved that effective July 1, 1962, that the Granite City Trust and Savings Bank shall be the depository of funds for the ensuing two-year period, at which time said funds shall be transferred to the First Granite City National Bank and alternately every two years thereafter. Be it further resolved that the depository shall in all respects conform with and qualify as required by the School Code of the state of Illinois. Be it further resolved that the policy is premised on each of said rendering comparable services to the school district." The unanimous decision was made June 14.

Original specifications set up by the district for the treasurer's master fidelity bond listed a principal amount of \$2,250,000, based on an estimate of the maximum amount of funds that might be in Worthen's custody at any one time.

A later supplement to the specifications also called for bids on \$500,000, \$800,000, \$1,000,000, \$1,250,000 and a bid of \$1,500,000 amounts on a sliding scale of coverage; and on any alternate

basis suggested and described by any of the bidders.

It was noted that other school districts in Illinois have established treasurer bonds in varying amounts, but none exceeding \$1,000,000. The figure is to be set by the school board, subject to approval of County School Superintendent R. L. Trimpe, who has authority to require that it be increased or decreased.

Lowest bid opened Tuesday night on a \$2,250,000 bond was \$2181 from the Patterson-Britt agency, or \$4035 over two years. Holsinger was low bidder for all of the other amounts specified by the board.

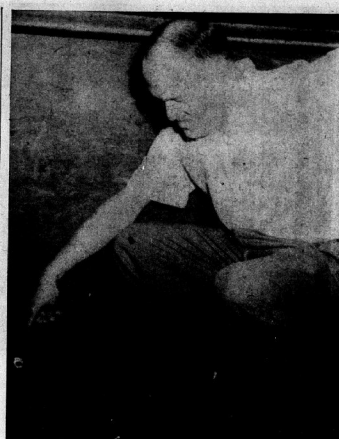

No Physical Custody

Worthen and others commented that \$2,250,000 would appear to be a sharp increase over the \$400,000 level deemed adequate in the past. The treasurer noted that he will not have physical custody of the funds or even see them. Henry Luaders is the outgoing township school treasurer.

A report by Victor G. Anderson, administrative assistant to Supt. Harold M. Kaiser in the field of business, informed bidders that "since available funds become substantially less as the year progresses, bonding plans which would provide for reduction in coverage from \$2,250,000 to \$350,000 will be considered."

"Such reduction in coverage could be established by means of either a monthly audit as supplied by a certified public accountant firm or a uniform increase or reduction per month: approximately \$300,000 increase per month from a minimum of \$2,250,000 in July to a maximum of \$350,000 in October, or a uniform reduction of \$380,000 per month from \$2,250,000 in October to \$350,000 in April, May and June."

The state school code provides that "before entering upon his duties, each school treasurer shall execute a bond with two or more freeholders who shall not be trustees, or a surety company authorized to do business in this state." The total of the bond "shall be at least twice the amount of the bonds, notes, mortgages, moneys and effects which he is to have the custody of if a surety company is chosen."

Committee Seeks New County Dog Pound Site

A new site for the county dog pound is being sought by the county Rabies Control committee, according to Hamel township supervisor Roy Halbe, chairman.

The committee's lease on the present site near Edwardsville expires July 23, and property owner R. H. Schmidt has asked that the pound be removed within six months after that. The pound was established on Schmidt's property in 1956.

Halbe said the committee needs about an acre of land for the site, and hopes to buy rather than lease it.

Any dog found running at large without an inoculation tag may be apprehended by the county dog catcher, Charles McCauley of Cloverleaf Addition, Nameled township. If not claimed within seven days, it may be destroyed at the pound.

Should the owner claim a dog at the pound and be unable to show proof of annual rabies inoculation, he must pay the \$3 inoculation fee, a \$3 penalty and cost of boarding the animal.

Under the Illinois rabies control law, enacted in 1935, owner of every dog which is not confined at all times must have it inoculated annually. A \$3 fee is charged, including price of a numbered inoculation tag.

Last year, 12,334 dogs were inoculated in the county, a record number. Fees collected amounted to \$6512, with an additional \$885 collected in penalties.

Dr. David Frazier of Edwardsville, county rabies inspector, has estimated that more than 1500 dogs are destroyed at the pound each year.

GC Magistrate Seeks Larger Office, Court

Referred to the City Hall committee Monday night by Granite City council members was a request by Police Magistrate Andrew Gasparovic to move his court and office into the city council room on the second floor of the city hall. The magistrate court is next to the council room with a connecting door.

In a letter to the council presenting the request, Magistrate Gasparovic said his court facilities, which include an office and waiting room, are inadequate in size.

The council room currently is being used only once a month by the aldermen, who usually meet there on the fourth Monday of each month prior to committee sessions. During regular meetings on the first and third Mondays, the council meets in the third floor city court room where there is more seating capacity for an audience.

On Fridays, the council room is used by a representative of the area Social Security office to accommodate Quad-City residents.

The city hall committee is to submit a recommendation at a later date.

Police Hope 2000 Cars Will Display Pennants

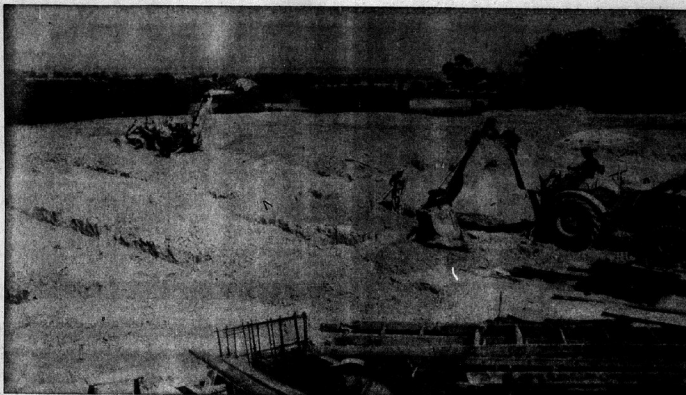

Granite City police hope to have 2000 Granite City motorists displaying traffic alert pennants from their autos over the Fourth of July holiday.

The pennant sets, each consisting of a vinyl American flag and an alert pennant mounted on a plastic tube, are available at all three Granite City banks and at the police station. The plastic tube is designed to be mounted over the automobile aerial. The sets sell for 30 cents each. An estimated 100,000 were sold throughout the country last Labor Day.

Making the pennant sets a common sight over the holiday will, it is hoped, serve as a reminder to motorists to drive carefully and help cut the holiday toll of traffic accidents. Sale of the pennants also serves as a money-raising activity for sponsoring organizations all over the country.

The Fourth of July "safe driver crusade" is being sponsored by the Illinois Police Benevolent and Protective Association, of which the local police department comprises Unit 15.

BACKHOES SLICE AWAY at excavations for footings of the site of a planned Holiday Inn Motel atop Sunset Hill on U. S. By-Pass 66 northeast of Granite City. In the background is the flat bottomland looking toward the Quad-

Work Underway At Motel Site Atop Sunset Hill

Although site preparation and pouring of footings is well underway at the top of Sunset Hill northeast of Granite City, a spokesman for the St. Louis firm which is to build a new Holiday Inn Motel there said this week clear title to the land has not been obtained.

S. M. Wilson & Co. of Granite City has received a contract for construction of the \$1-million motel, with the project scheduled for completion later this year. Site preparation started last month at the location, which is on the south side of U. S. By-Pass 66.

Charles J. Sweeney Jr. of the Joseph A. Vetterott Realty & Building Co., St. Louis, said purchase of the motel site cannot be completed until after final

hearings on relocation of the Old Edwardsville-St. Louis road. The road cuts across the site and is to be replaced by a new section of road around the tract.

Objections to relocation of the road have been voiced, and a public hearing is scheduled. Sweeney said notices of the hearing will be posted.

The 15-unit motel is to have a restaurant, cocktail lounge and swimming pool, and will be one of more than 200 such businesses operated by Holiday Inn. The Vetterott firm has constructed other Holiday Inn motels in the St. Louis area.

Additional contracts have been awarded for plumbing, electrical work and heating and air-conditioning for the motel, with some of that work also underway.

Meet With Gov. Kerner On Laboratory Site

Backers of a local site for the U. S. Public Health Service's proposed Midwest water pollution control laboratory met with Gov. Otto Kerner today to promote their plan.

Paul H. Lichtenberger, president of the Tri-Cities Chamber of Commerce, Rep. Lloyd Harris and Carl Ranft, chairman of the Tri-City Port Authority, were scheduled to meet with the governor at 2 p.m. at Springfield.

Lichtenberger said they would ask Kerner's endorsement of the area as the laboratory site, and seek his cooperation and assistance in getting the \$3,000,000 installation located here.

A site surveying team from the U. S. Public Health Service met with local officials May 18 to study and report on area possibilities. Final decision on the location will be made by the Secretary of Health, Education and Welfare.

The proposed Midwest laboratory is one of seven to be built in the U. S.

Nothing tastes better in the spring than cooked fresh asparagus marinated in French dressing. Use the asparagus prepared this way as a luncheon salad garnishing with crisp greens, hard-cooked eggs and pimiento.

The initial low bid received last August from a Detroit firm and later rejected on technicalities was approximately \$32,000 a year.

Last Rites Today For Mrs. A. M. Jennings

Funeral services were conducted at 2:30 p.m. today at a Greenville funeral home for Mrs. Flora Jennings of Beaver Creek, a former Granite City resident. Interment was in Beaver Creek cemetery.

Mrs. Jennings died Monday at an Alton hospital, where she had been a patient since May 10. Death was due to complications following an illness which began June 24, 1958, when she suffered a severe coronary thrombosis.

Mrs. Jennings, 73, was the wife of A. M. Jennings, former Granite City mayor and Press-Record staff member. Mr. and Mrs. Jennings left Granite City in 1946, when he retired from the Press-Record news staff.

They celebrated their golden wedding anniversary in 1960 while she was a patient in St. Joseph's Hospital at Highland.

Jennings was an alderman before serving as mayor from 1933 to 1935. He joined the Press-Record in 1935.

Surviving in addition to her husband, are two brothers, George and Roy Gates, both of Granite City.

Mrs. Young, Talley To Teach

Two Granite City high school graduates were hired by the school board Tuesday night to teach in the Granite City district.

Mrs. Merna Mae Tucker Young, Arlington Heights, Ill., a former Granite City resident, will teach at Maryville grade school in 1962-63. She holds a bachelor's degree from the University of Illinois and has taught two years. James Wesley Talley, 3010 Kirkpatrick Homes, who received a bachelor's degree this year from Southern Illinois University, will be a Central junior high school instructor of two-hour "black" classes—English, social studies and guidance.

Leaves of absence for the coming school year were approved for Mrs. Jack (Judith) Dyer, 2487 (rear) Benton street, an elementary school nurse, and Mrs. Jon (Lois) Mullen, 2487 St. Clair avenue, second grade teacher at Marshall school.

The board accepted the resignation of Mrs. Rose Wright, 4901 Lake drive, Maryville school fourth grade instructor.

The administrative staff was authorized to hire two extra painters to work with the district's regular staff of two painters. The temporary employment will continue through the Aug. 28 board meeting, at which time the progress of summer painting work will be reviewed to determine whether additional weeks of employment are needed.

Authorization was given by the board to apply to the federal government for a \$7690 reimbursement for improvement of guidance services. The National Defense Education Act funds are to be used to pay part of the salaries of junior high and high school guidance counselors.

Supt. Harold M. Kaiser announced receipt of the yearly approval of Granite City high

school from the North Central Association of Colleges and Secondary Schools. The school's certificate of membership issued by the regional accrediting agency aids GCHS graduates in meeting college entrance requirements.

Dr. Kaiser announced a 1961 enrollment for 1961-62 in the Granite City district's adult education program, largest in Illinois outside of Chicago.

Local Graduate Named To Dean's Honor Roll

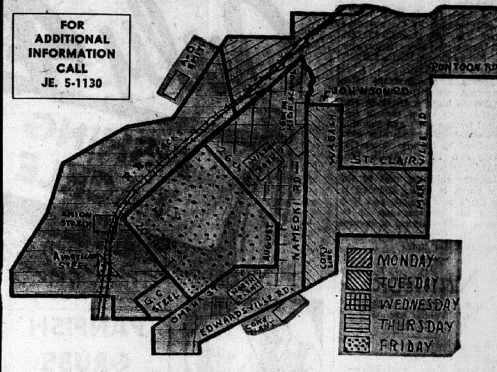

Herbert Taylor Thurau, son of Mr. and Mrs. H. E. Thurau of 2509 Waterman avenue has been named to the semester honor roll at Culver-Stockton College, Canaan, Mo., for the second semester, according to an announcement made today by the office of Dean Paul C. Carpenter.

Bids For New Fire Truck Being Studied

Taken under advisement by the Fire committee of the Granite City Council were bids for a new, 1000-gallon-per-minute pumper truck for the fire department. Chairman Ford Johnson said the bids were opened prior to the meeting and would be inspected for compliance with specifications before a recommendation would be presented.

Two of the bids were for a completed fire truck, two for chassis and one for building a pumper on a chassis furnished by the city.

The bids for finished trucks were submitted by Central Fire Truck Co., St. Louis, \$23,800, and American Fire Apparatus Co., Battle Creek, Mich., \$23,800, both on Ford chassis.

Towers Fire Apparatus Co., Freeburg, submitted a bid of \$15,015 to build a truck to city specifications on a chassis furnished by the city; and the 133-inch wheelbase chassis bids were submitted by Brewer Motor Co., \$7119, and B. E. Hohl, Inc., \$7181.

Johnson said the cost of the new truck is to be included in the city's new budget, and it is hoped the purchase can be financed over a period of several years. The new pumper is to replace an older unit.

FORMER RESIDENTS
PARENTS OF SON
Mr. and Mrs. David Vincent, 23 Lancelot drive, Troy, former local residents, are announcing the birth of their third child, at St. Elizabeth Hospital June 22. He has been named Timothy Paul and weighed seven pounds, ten ounces.

The Vincents also have a son, Christopher, two years old, and a daughter, Michelle, one year old. Mrs. Vincent is the former Miss Charlotte Tarris, daughter of Mr. and Mrs. Marcel Tarris of Marine, Ill. The paternal grandfather is Jesse Vincent, 2840 Dogwood drive, and the father is employed at Granite City Steel Co.

Mr. and Mrs. Robert Lipscomb and children, Bobby, Jim and Kathy, and Mr. and Mrs. Alex Malczynski and children, Christie, John, Chipper, Mike, Reed and Lauri, and Miss Mary Church spent Sunday at Springdale, Mo., for a picnic and swimming.

HONORED WITH
BOY VOYAGE PARTY
Mrs. Delores Butler, 3144 Rodger avenue, was honored with a boy voyage party Sunday afternoon in the home of her mother, Mrs. Frances Lampher, 2502 East 28th street.

The honored guest received many gifts, and the afternoon was spent socially. Mrs. Butler and her children, Gail, Gary, Greg and Robin, will leave shortly for Nance, France, where her husband, Sgt. first-class Hubert R. Butler is presently stationed. They will be there for three years; Butler already has been there eight months.

The guests were Mrs. Ed Barge, Mrs. Joseph Barge, Miss Elmer Barge, Mrs. Millie Kosella, Mrs. Lloyd Edwards, Mrs. Ann Lampher, Miss Lois Lampher and Miss Patti Jackson. Mrs. Frances Lampher served an afternoon dessert luncheon to the guests and honoree.

Procedure Established For Hiring Custodians

In an effort to simplify selection of new custodians from the list of applicants, which sometimes exceeds 100, the Granite City school district has established a procedure listing a series of steps to be followed by the administrative staff, it was announced this week.

Persons filing applications are reviewed by the administration on references and work experience. Those deemed adequate on these counts are given a general aptitude test and a mechanical aptitude test, one of which must be successfully passed.

Those approved by both the administration and school board then are placed on a list, in the order of the date of their job application. This serves as a call list for substitutes in the school system. When a position becomes available, the individual ranking first on the list is employed. If he fails to accept the job, he is removed from the list and the next man is hired.

Partney Suggests Dropping \$30 Aldermanic Allowances

Presentation of the regular bill for economy by Alderman Donald Partney, who asked the 12 other aldermen present to drop the policy of providing \$30 monthly expense allowances for council members.

"Since we're cutting expenses by laying off 19 sanitation department employees, maybe the aldermen should think about dropping their expense money."

"We should give it consideration," Partney urged. Partney has stated the city is not saving money under the private garbage collection contract.

There was no discussion of the suggestion, as the council approved the \$3045 bill list with Partney and "Paul Rutledge dissenting."

Included in the listing were \$30 allowances for 12 of the 16 aldermen—Steve Busarich, Joseph Cuvar, Ford Johnson, Rufus LeMaster, Walter Norn, Paul Rutledge, Samuel Shackelford, Charles Meyer, Casmer Skubish, Frank Vesel, Samuel Whitmer and Arthur Wieser. In addition, there were \$50 auto allowances for Police Chief Raymond Willard and Assistant Fire Chief Curtis Donley.

The aldermanic expense allowances amount to \$3760 a year. A \$86 item on the bill list for curb and gutter removal and replacement on 5th street in front of Hub Drug store was questioned by Alderman Charles Meyer, who said he was encountering difficulty in securing approval for replacement of broken curb in front of homes in the Seventh Ward. He asked who had authorized the work and was advised by Supt. of Streets William Warfield that it had been approved by Mayor Davis.

Meyer said curbs in residential areas are crumbling and need attention if any funds were available. Several other aldermen commented the work on 19th street probably was done while the contractor was paving the old trolley right-of-way.

Also included on the bill list was payment of \$733 to Melvin Pashea for maintenance of the city dump during June and payments totaling \$750 for maintenance, parts and fuel for city equipment.

In addition to the bills, the council approved half-month salaries for the last half of June in the amount of \$41,273.

Union and company representatives of the A. O. Smith Corp. plant here signed an agreement Tuesday to conduct an election July 10 for selection of a union to represent about 1200 production workers at the plant.

The election had been ordered by the National Labor Relations Board as a result of unfair labor practice charges. The NLRB had ordered the company to cease recognition of Boilermakers Union Local 575, the present union, but eased the order to call the election based on petitions filed by three unions including the Boilermakers.

Tuesday's meeting was held at

Agree To Union Vote At A. O. Smith Plant

The NLRB offices in St. Louis, Thomas W. Seeler, labor board field examiner, represented the NLRB.

The July 10 election will be held in the plant cafe during working hours. Workers may vote for representation by no union, the Independent Auto Frame Workers Union, Boilermakers Local 575, or District 50, United Steel Workers.

A. O. Smith employees not affected include general machinists, all construction and maintenance electricians and apprentices, all office and clerical workers and all guards, supervisors and professional employees.

City Auto License Sales Total 11,339

Sale of 1962-63 city auto licenses in Granite City is within 220 of reaching the total sale during the entire 1961-62 fiscal year, it was learned today from the office of City Clerk A. L. Stevens, who has predicted that over 12,000 of the windshield stickers will be bought by auto owners.

A campaign against motorists failing to display new stickers was started June 15, and purchases of the \$3 city license increased greatly. The number sold to date is 11,339.

for the spring semester at Harding College, Searcy, Ark. Miss Daugherty, a freshman elementary education major, is a member of Delta Chi Omega.

Relief Assistance May Help Hospital Save Non-Payment

Following a meeting of the St. Elizabeth Hospital Citizens' Advisory Board Monday night with local government officials, closer cooperation between the hospital and various relief agencies will be attempted in an effort to decrease the number of cases for which the hospital is unpaid.

G. W. Hoelscher, chairman of the advisory board, said some studies also will be made to determine the extent to which the hospital could provide funds for indigent patients. Mayors Davis and Lee attended the meeting, and Madison Police Chief Barney Fraundorf represented Mayor Maers.

Hoelscher said the meeting was devoted to discussion of the hospital's problems with emergency room patients from which it is unable to collect payment. Many of these are auto accident victims from out of the county or state, he said, while others are indigent.

No Tax-Supported Hospital Most communities have hospitals supported by taxing bodies, Hoelscher pointed out, which are able to collect such bills from tax funds.

"St. Elizabeth Hospital is serving as a city hospital with out help from the city," he said. "If these services have to be rendered without payment, the hospital must go to someone for funds."

He said primary purpose of the meeting Monday night was to acquaint the public with the problem, and to explore possibilities of relieving the situation.

"We don't mean to imply that the township and city officials have not been cooperating with the hospital in the past," Hoelscher said. "But discussion at the meeting showed that a little closer cooperation between the township supervisors and the hospital might help determine which patients are really indigent."

Supervisors Attend Among those attending the meeting were township supervisors Nelson Hagauer, Granite City; Harry Briggs, Nameoki; Arthur Moore, Venice, and Joseph Troeckler, Chouteau.

Ceo Angeloff of the Illinois State police, Deputy Sheriff Tony Petrillo and George Ramach of the Madison police department also attended the meeting. The police were invited because of the number of emergency room patients who are accident victims.

Hospital representatives at the meeting were Sister Stanisla, administrator; Sister Mary Thomas, assistant administrator; Robert Dertler, credit manager; Roy Thornton, personal director; and Sister Frances, accountant.

Members of the advisory board present, in addition to Hoelscher, were William Beatty, Walter Kistner, Roy Logan, Milton Magriss, Austin Witter and Freeman Wolfe.

Jury Commission Now Making Active List

The Madison county jury commission is in the process of compiling an active jury list from among qualified county residents and has sent jury data cards to more than 6000 persons.

A commission office spokesman said some persons receiving the cards apparently have misinterpreted them as a call for jury duty. The cards are for inclusion on the active jury list, it was emphasized, and not a call.

First jury chosen from the list will be for duty in September. Selection of juries will be made later, after panels for jury trials have been chosen. Panels will consist of 100 or less chosen from the active jury list.

GC Musicians Accepted For UI Music Camp

Seven Granite City students are among more than 1300 Illinois grade and high school musicians accepted as members of 1962 Illinois Summer Youth Music "camps" at the University of Illinois. They will be in session two weeks.

Members are chosen from among the most talented Illinois junior and senior high school musicians. All are recommended by school, private, or church music teachers, and a large percentage attend on scholarship from civic, music, federated or school organizations.

Granite City student musicians in Illinois Summer Youth Music organizations are: Senior band—Sally Raumberger, Pam McCollum and Alice Jackson; and senior chorus—Marie Fryntko, Linda Henley, Richard McKinney and Gary Thornberry.

Club To Meet Monthly

A resumption of monthly meetings is planned by the Land of Lincoln Coin club, a Quad-City organization open to national members. The next meeting has been set for 1 p.m. Sunday at 1240 Madison avenue.

State May Hire Some Women As Troopers

Women can serve as Illinois state highway policemen, Attorney General William G. Clark has held.

The Illinois Department of Public Safety is considering employing some women as state troopers, to be selected and certified the same as any state highway policeman, Director Joseph E. Ragen said in asking the opinion.

In another new ruling, Clark has held that a county board has no authority to appropriate money from the general fund to meet the costs of the rabies program of the county.

Street Material Bids

The city of Venice is advertising today for bids for materials required for maintenance of arterial streets. Bids will be received at the office of William M. Ebersold, Venice city clerk, until 10 a.m. July 12, at which time they will be publicly opened and read.

Commissioners Election Saturday In Venice Twp.

Three Venice township land and Granite City school districts. Commissioners will be elected Saturday to distribute remaining funds in the township school treasurer's account, with polls open from noon to 7 p.m.

Polling place is Harris school, Seventh and Alton streets, Madison. A caucus will be held there at 11 a.m. to nominate candidates.

The special election was called by Wilbur R. L. Trimpe, Madison county school superintendent. Ballots will be blank, with names to be written in by the voters.

The three commissioners elected will be empowered to dissolve the trustee's loanable fund, which contains over \$30,000. After the costs of the election are paid, the remainder will be distributed.

Strikes Parked Car

The left rear fender of the parked auto of Vahram Haroian, 809 Niedringhaus avenue, was damaged by the car of Roba J. Smith, 2140 Grand avenue, on

State street at 12th street at 3:05 p.m. Monday. The Smith car was preparing to turn into a lot, police said.

(Fourth of a series)
Nine out of every ten marine engines sold last year were two-cycle outboard motors.
This may be difficult to believe after gazing at the long rows of large cruisers docked at the Mississippi and Illinois River harbors used by Quad-Cityans. But it is true nationally and probably close to the local situation. Some of the boats harbored at rivers and lakes utilize outboards, and hundreds of other vessels are transported by trailer from garages and yards in this area.
Fuel Consumption
Although the purchase price is one factor to be considered when purchasing a boat motor, speed and fuel consumption—long part of automobile advertising—

have become more prevalent in recent years whenever recreational boating is discussed.
All marine engines have certain advantages and certain disadvantages. Depending upon the conditions under which performance tests are made, one type of engine can be made to look considerably better than others.
If in the market for boating equipment and undecided as to which type will best suit the need, the average water enthusiast can be guided by some of the following facts.
With inboard motors, inboard-outboards, four-cycle outboards and diesel engines collectively garnering less than 10% of the market, two-cycle outboards dominate the field.
Speed
In general, the four-cycle inboard has an advantage over a comparable-size outboard when fuel consumption at less than ten miles an hour is compared.
At cruising speeds, fuel consumption tends to be somewhat similar. At full throttle, the outboard engine becomes more economical to operate.
This is due, to a large extent, to the increased weight of the inboard or inboard-outboard engine. To overcome this weight disadvantage and still maintain high speed, the inboard engine will use more fuel.
The inboard presents a customized appearance, since the engine usually is enclosed somewhere toward the middle of the rear cockpit.
With an outboard, this space can be utilized for equipment, passengers or other uses, since a large part of the motor is outside the boat. Of course, boats having inboards often are larger and thus have sufficient room.
Depending on the size of the engine, the boat and other factors, the inboard or inboard-outboard powered rig usually carries a price tag somewhere between \$500 and \$800 more than a comparable outboard-powered boat.

Attend Rites For Navy Chief R. E. Terry, 45
Relatives here have returned from Virginia, where they attended funeral services for Aviation Ordnance Chief Roe E. Terry, 45, a native of Granite City.
Chief Terry, a veteran of 23 years' Naval service, died June 12 at McGuire Veterans Hospital, Richmond, of amyotrophic lateral sclerosis. Since becoming ill he had resided at Chincoteague, Va.
Funeral services were conducted June 14, with burial with full military honors the following day at Arlington National Cemetery. Chief Terry held a Navy Special Commendation for heroic action above and beyond the call of duty on the USS Huet during Gen. Doolittle's attack on Tokyo.
He also held American Defense, American Campaign, European, African, Middle East Area, Asiatic and Pacific Commendation Medals and others.
Survivors include his wife, Vivian; a daughter, Rowena, 12; and a son Roe Jr., 9, of Virginia, and his parents, Mr. and Mrs. Alex Terry; a sister, Mrs. Irene Fisher; and two brothers, Russell and Roscoe Terry, all of Granite City.
An obituary notice appears elsewhere in this issue.

Works By GC Students In SIU Art Additions

Art work by students at Southern Illinois University's southwestern campus, including two from Granite City, has been added to the university's permanent collection and hung in administrative offices of the university vice-president at Edwardsville.

The 10 art additions are done in soft ground etching, dry point etching and serigraph or silk screen. All work is by students of John Richardson and was completed at the university's Alton center.

Granite Cityans whose work is a part of the new addition are Roy A. Graham of 2440 State street, "Night Rain"; and Virginia Niepert Mumphard of 2808 Oregon avenue, "Time, Eternity, and Man."

Al Stevens, nine, of Mr. and Mrs. A. L. Stevens Jr., 2437 State street, has been accepted for a limited number of other youngsters. In a summer course of creative dramatics at Webster College, Webster Groves, Mo.

The class meets two days a week for a two-hour session each day, and he has been placed in the 11-14 age group. He has studied drama in University City for five years.

United Fund Committee Hearing Agencies' Requests

Fifteen agencies requesting United Fund support have been presenting budgets for discussion and evaluation yesterday and today.

Representatives of the agencies are meeting with the UF admission and distribution committee in what is the first step toward the October area-wide UF drive. Harold R. Fischer, First Granite City National Bank president, heads the group.

The fifteen agencies have requested \$280,250 for 1963 operations in comparison with \$252,803 allotted them by the UF Board of Directors for 1962, according to UF official John Sauerberger. Administrative and campaign costs and allowances for unpaid pledges increased the 1962 total to \$280,912.

Committee findings will be evaluated tonight after the last of the requests is heard, and then reported to the board of directors early in July.

Meeting with the committee in 45-minute sessions yesterday afternoon and evening are: Co-ordinated Youth Services; United Service Organizations; Columbia Mound Council, Boy Scouts of America; River Bluff Council, Girl Scouts of America; Madison County Mental Health Clinic; Granite City Association for Aid

Manufacturing Gains Cause 973 Job Rise In Year

Hiring of more men for manufacturing jobs is mainly responsible for a 973 Quad-City area employment increase over a similar period a year ago, Malcolm A. Thompson, local Illinois State Employment Service manager, reported today.

Of the 973 gain — 14,486 in mid-May 1961 to 15,459 in mid-May 1962 — manufacturing accounts for 922, reaching an 11,816 total, and non-manufacturing employment is responsible for an increase of 51, reaching 3643. The figures do not include agricultural workers.

In another breakdown, the male work force represents 921 of the gain, with 52 more women working this year than in 1961.

Reporting on 61 major employers in Granite City, Madison, Venice and Mitchell, Thompson listed 13,742 men and 1717 women working now, compared to 13,512 and 1721 in mid-March 1962 and 12,821 and 1665 in May 1961.

Manufacturing employment has climbed from 10,894 a year ago to 11,816 in March and 11,816 in May. Non-manufacturing employment has risen from 3592 to 3643 after dropping to 3537 in March.

1350 Jobs

"Mixed trends resulted in the net increase of about 225 during the 60-day period ending May 15," Thompson said. "The major portion of the gain occurred in durable goods."

"The outlook for the next several months indicates a slight tapering off in employment, resulting from a seasonal decline in durable goods. Reflecting improved business conditions, employment has dropped by 400 in the March-to-May span."

The drop was from 1750 in 1961 to 1350 in 1962. (1275 men and 475 women) to 1350 (1000 men and 350 women).

Stenographer Shortage

"In forecasting a slight drop for the next few months, major establishments note that slight advances in soft goods may not balance small seasonal drops in hard goods and in transportation."

"The labor supply is expected to be adequate to meet employer demands, although a growing shortage of qualified stenographers is anticipated during the coming months."

Comparing March and May job forces at 24 manufacturing firms, Thompson said, "The rise of 140 was accomplished by a gain of 150 in hard goods, partially offset by a decrease of 10 in soft goods. A seasonal gain of 250 in transportation equipment was more than balanced a seasonal drop of 100 in primary metals. Virtually no change oc-

urred in the six non-durable goods industries.

Good Construction Weather

"At 37 non-manufacturing employers, there was a gain of 88 since March. Favorable weather conditions increased construction by 30, while government increased by 40."

He cited improved business conditions in durable goods as responsible for the improvement over a year ago, with jobs increasing by 775 in primary metals and 250 in transportation

FACTS about prescription drugs

① Back in 1930, drugs and sundries accounted for 20% of the per capita health dollar. Today, our much more efficient modern drugs take no more of the total medical care dollar than they used to.

② In spite of talk to the contrary, the average U.S. price to have a doctor's prescription filled is only \$3.25.

We are proud of our record of serving physicians and their patients with the finest products of the ethical companies — at uniform prices, always. We welcome your prescription patronage.
